 - 4.1.7 to propose items for inclusion on the agenda for any general meeting in accordance with the Regulations; and
 - 4.1.8 to exercise all other rights arising from this Constitution and the Regulations.
- 4.2 The rights of each Member shall not be transferable, transmissible or chargeable by its own act, by operation of law or otherwise.
- 4.3 The principle behind the establishment of the Chambers and the allocation of votes to the Members is that each Chamber shall, subject to all Members being eligible, able and willing to exercise all of the rights available to them and to the provisions of this Constitution, be entitled to cast (by the apportionment of Delegates to its Members) one third of all potential votes on any resolution. This will not apply where any Member or Delegate is ineligible for any reason to vote on any resolution under this Constitution or under the Act or where a Member or Delegate does not exercise any voting rights in relation to any resolution.
- 4.4 In order to give effect to the principle described in Article 4.3, if at any time the aggregate number of Delegates to be appointed (and therefore the maximum votes cast) by the Members in a Chamber is not equal to the aggregate number of Delegates to be appointed by any other Chamber or Chambers, then:
- 4.4.1 each Delegate appointed by a Member in the Chamber or Chamber whose Members are entitled to appoint the highest aggregate number of Delegates shall be entitled to cast one vote; and

4.4.2 the votes to be cast by each Delegate appointed by the Members in each of the other Chamber or Chambers shall be weighted so that the maximum number of votes which can be cast by the Delegates in each such Chamber is equal to the maximum number of votes entitled to be cast by the Delegates in the Chamber or Chambers whose Members have the highest aggregate number of Delegates (assuming for the purpose of such weighted votes that all Delegates are eligible to vote).

4.5 Where either:

4.5.1 the number of Members in a Chamber is increased or decreased for any reason; or

4.5.2 the number of Delegates to be appointed by any Member in that Chamber is increased or decreased for any reason, the number of votes to be cast by each Delegate of that Chamber following such increase or decrease, as the case may be, shall automatically be adjusted pro rata so that the Members of that Chamber retains its entitlement to cast the same proportion of all potential votes to be cast by Members as was the case prior to such increase or decrease (being one third of all votes per Chamber).

4.6 Nothing in the preceding Articles shall require any Member or any Delegate to attend any meeting or vote on any resolution of the Association and if any Member or any Delegate fails to or is ineligible to attend a meeting or to vote on a resolution, the votes of the Delegates who do attend or vote shall not be adjusted as a result of any such failure or ineligibility.

Foreword

The Football Association of Ireland is committed to ensuring that Children and Young Persons can participate in all football activities in a safe, fun & inclusive environment. Football provides an excellent opportunity to learn new skills, become more confident and maximise potential as members of teams and as individuals. Participation in football should be fun, enjoyable and provide a platform to learn and develop life skills, make new friends and enhance personal growth. The safety and welfare of all is paramount.

The Children First Act 2015 has provided a great statutory framework for all, supporting Children and Young People, ensuring they are kept safe and their welfare maintained to a high standard whilst participating within the services we provide. Additionally, the Children First National Guidance for the Protection and Welfare of Children 2017, is a great guidance when introducing measures to fulfil the statutory obligations of the Children First Act 2015.

The FAI acknowledges that all our members, Leagues, Clubs and volunteers are playing their part in providing an enjoyable and safe environment in which Children can play, learn and thrive within football. We thank the countless number of participants, many of whom are volunteers, for their commitment, hard work and dedication which has contributed in no small way to making football one of the biggest participation sports in Ireland today, with over 450,000 participants. The work of Club, League and Members, particularly the Children's Officers and the Designated Liaison Persons, is of crucial importance to implementing this Policy and their endeavours need to be acknowledged and supported at all levels within the game. Their efforts are deeply appreciated and the full adoption and application of this Policy by everyone in football will help ensure the promotion of happy, healthy and successful experiences.

Football Association of Ireland Board

1. Policy Statement

1.1 Why do we need a Policy?

The FAI Child Welfare and Child Safeguarding Policy (the “Policy”) aims to set out guidelines, procedures and support to assist those working with Children within the game. Once proposed amendments are approved by the Committee they are then put forward to the Board for final approval. Further details on the Child Welfare & Safeguarding committee can be found within section 7 of the policy.

1.5 What are the underlying principles of the Policy?

The Policy follows the principles outlined in relevant guidelines and legislation provided by Statutory Authorities. The Policy is established on a number of core principles: - the needs of the Child, integrity and respect, environment, equality, fair play, welfare and safety in football. These underlying principles underpin the Policy and outline our principles of good practice and Child protection and safeguarding policy and procedures.

(i) Safe Environment

The safety and welfare of Children is of paramount importance and they must feel safe in their surroundings. Unhealthy competitive demands should not be placed too early as this could result in excessive levels of pressure and as a consequence, high levels of dropout from the sport. Those working with Children should be suitable for their positions, i.e. all should be Garda vetted and should be aware of the principles of Children First Act (2015) and the requirements of the Policy. Administrators should ensure proper procedures are put in place to ensure our Children can participate in a safe manner and that concerns regarding their welfare are correctly and speedily handled.

(ii) The Needs of the Child

A balanced approach to competition can make a significant contribution to the development of Children, while at the same time providing fun, enjoyment and satisfaction. Participants should put the welfare of the child first and competitive standards second. A Child-centred/ approach will help to ensure that competition and specialisation are kept in their appropriate place.

(iii) Integrity and Respect

Adults interacting with Children in football should do so with integrity and respect. All adult actions in football should be guided by what is in the best interests of the Child and in the context of quality and open working relationships. Abuse of any kind is unacceptable within football.

(iv) Equality

All Children should be treated in an equitable and fair manner regardless of age, ability, gender, religious, social, or ethnic background or political persuasion. The provisions of equality legislation apply to all involved in football.

(v) Fair Play

All Children's football should be conducted in an atmosphere of fair play.

2. Legislation

2.1 Children First Act 2015: Statutory Obligations

Clubs, Leagues and Members who facilitate football for children (including adult clubs who registered 16-17 year olds) are defined in the Children First Act 2015 as providing Relevant Services and as such have specific statutory obligations under the Act.

The requirements include:

- » Develop a Child Safeguarding Statement that outlines the policies and procedures which are in place to manage the risks that have been identified
- » Appoint a Relevant Person to be the first point of contact in respect of the Organisation's Child Safeguarding Statement.

2.1.1 Risk Assessment

A Risk Assessment is an exercise where the Relevant Service examines all aspects of the service from a safeguarding perspective to establish whether there are any practices or features of the service that have the potentials to put Children at risk.

The Risk Assessment process is intended to enable the organisation to;

- » Identify potential risks
- » Develop policies and procedures to minimise risk by responding in a timely manner to potential risks
- » Review whether adequate precautions have been taken to eliminate or reduce these risks

Further guidance and a sample of a Risk Assessment can be found within appendix 4 and 5 of this Policy. Alternatively samples can be found on the website, links to which are in appendix 1.

2.1.2 Child Safeguarding Statement

This is a written statement that specifies the Relevant Service being provided and the principles and procedures to be observed in order to ensure, as far as practicable, that a Child availing of the service is safe from Harm.

- (a) The statement must include both the written Risk Assessment and the procedures that are in place to;
 - » Manage any risk identified
 - » Investigate an allegation against any volunteer or staff member about any act, omission or circumstance in respect of a Child availing of the service
 - » Select and recruit volunteers and staff who are suitable to work with Children
 - » Provide information and training to volunteers and staff on Child protection and safeguarding issues
 - » Enable volunteers or staff members, whether Mandated Persons or otherwise, to make a report to Tusla in accordance with the Act or any guidelines issued by the Minister for Children and Youth Affairs
 - » Maintain a list of persons in the Organisation who are Mandated Persons under the Act
 - » Appoint a Relevant Person in the Organisation for the purposes of the Act.
- (b) The Child Safeguarding Statement should provide an overview of the measures that the Relevant Service has put in place to ensure that Children are protected from Harm
- (c) It may also refer to more detailed policies which can be made available on request
- (d) The Relevant Service must circulate the Child Safeguarding Statement to all volunteers and employees.
- (e) The Relevant Service must also display the Child Safeguarding Statement publicly and make it available to parents and guardians, Tusla and members of the public upon request. This may be done by displaying it on the Club/League website.
- (f) The Child Safeguarding Statement must be reviewed every two years, or sooner if there has been a material change in any of the issues to which it refers.

A sample of a Child Safeguarding Statement can be found on the FAI website a link to this is in the appendices (appendix 1).

A check list for statements can be found within appendix 2 of this policy.

A copy of The Football Association of Ireland's Child Safeguarding Statement can be found on the FAI website (link in appendix 1, or a request can be made for a copy via the FAI Child Welfare & Safeguarding Department).

2.1.3 Appointing a Relevant Person

The Relevant Person for Club, League and Members will be under the roles and responsibilities of the Children's Officer. See section 3 of the policy Child Welfare and Safeguarding Roles.

2.1.4 Register of Non-compliance

There is a provision in the Children First Act 2015 for Tusla – Child and Family Agency to establish and maintain a register of non-compliance for service providers who fail to provide a copy of the Child Safeguarding Statement to Tusla when requested to do so.

Please note- Non-compliance could also lead to disciplinary action against a Club, League and Member as this would be a breach of FAI Governance Handbook regulations and the policy.

2.1.5 Mandated persons

The Children First Act 2015 places a legal obligation on certain people, many of whom are professionals, to report Child protection concerns at or above a defined threshold to Tusla - Child and Family Agency. These Mandated Persons must also assist Tusla, on request, in its assessment of Child protection concerns about Children who have been the subject of a mandated report. Relevant organisations must maintain a list of mandated persons within their organisation as required under the Children First Act 2015. More details on this role can be found within section 3 of the policy.

2.2 The Criminal Justice (Withholding of Information on Offences against Children and Vulnerable Persons) Act 2012

Under this Act, it is a criminal offence to withhold information about a serious offence, including a sexual offence, against a person under 18 years or a vulnerable person. The offence arises where a person knows or believes that a specified offence has been committed against a child or vulnerable person and he or she has information which would help arrest, prosecute or convict another person for that offence, but fails, without reasonable excuse, to disclose that information, as soon as it is practicable to do so, to a member of An Garda Síochána. The provisions of the Withholding legislation are in addition to any reporting requirements under the Children First Act 2015.

2.3 National Vetting Bureau (Children and Vulnerable Persons) Acts, 2012 – 2016

Under these Acts, it is compulsory for employers to obtain vetting disclosures in relation to anyone who is carrying out relevant work with children or vulnerable adults. The Acts create offences and penalties for persons who fail to comply with their provisions. Statutory obligations on employers in relation to Garda vetting requirements for persons working with children and vulnerable adults are set out in the National Vetting Bureau (Children and Vulnerable Persons) Acts 2012–2016.

More information on this can be found within section 11 of the policy.

2.4 Child Care Act 1991 –

This is the key piece of legislation which regulates child care policy in Ireland. Under this Act, Tusla has a statutory responsibility to promote the welfare of children who are not receiving adequate care and protection. If it is found that a child is not receiving adequate care and protection, Tusla has a duty to take appropriate action to promote the welfare of the child. This may include supporting families in need of assistance in providing care and protection to their children. The Child Care Act also sets out the statutory framework for taking children into care, if necessary.

2.5 Criminal Law (Sexual Offences) Act 2017

This Act addresses the sexual exploitation of children and targets those who engage in this criminal activity. It creates offences relating to the obtaining or providing of children for the purposes of sexual exploitation. It also creates offences of the types of activity which may occur during the early stages of the predatory process prior to the actual exploitation of a child, for example, using modern technology to prey on children and making arrangements to meet with a child where the intention is to sexually exploit the child. The Act also recognises the existence of underage, consensual peer relationships where any sexual activity falls within strictly defined age limits and the relationship is not intimidatory or exploitative.

It is an offence for a person in authority to engage or attempt to engage in a sexual act with a child under 18 years of age.

2.6 Protections for Persons Reporting Child Abuse Act 1998

This Act protects you if you make a report of suspected child abuse to designated officers of Tusla or to members of the Gardaí as long as the report is made in good faith and is not malicious. Designated officers also include persons authorised by the Chief Executive Officer of Tusla to receive and acknowledge reports of mandated concerns about a child from mandated persons under the Children First Act 2015.

This legal protection means that even if you report a case of suspected child abuse and it proves unfounded, a plaintiff who took an action would have to prove that you had not acted reasonably and in good faith in making the report. If you make a report in good faith and in the child's best interests, you may also be protected under common law by the defence of qualified privilege.

You can find the full list of persons in Tusla and the HSE who are designated officers under the 1998 Act, on the website of each agency

2.7 Criminal Justice Act 2006

Section 176 of this Act created an offence of reckless endangerment of children. This offence may be committed by a person who has authority or control over a child or abuser who intentionally or recklessly endangers a child by:

- i. Causing or permitting the child to be placed or left in a situation that creates a substantial risk to the child of being a victim of serious harm or sexual abuse; or
- ii. Failing to take reasonable steps to protect a child from such a risk while knowing that the child is in such a situation.

2.8 EU general data protection regulations (GDPR), Article 6

Article 6 of the General Data Protection Regulation (GDPR) sets out what the potential legal bases are, namely: consent; contract; legal obligation; vital interests; public task; or legitimate interests as rationale for sharing personal information. Article 6 set out the rationale for sharing personal information by organisation, such as the FAI, in the absence of express consent where it is necessary for compliance with a legal obligation.

2.9 Protected Disclosure Act 2014, amended 2022.

Protects workers in the public, private and not-for-profit sectors from retaliation if they speak up about wrongdoing in the workplace. Workers can report wrongdoing internally to their employer or externally to a third party, such as a prescribed person. Persons who make protected disclosures (sometimes referred to as "whistleblowers") are protected by law, meaning they should not be treated unfairly or lose their job because they have made a protected disclosure.

4. Child Abuse

The Children first: National guidance for the Protection and welfare of children 2017 was used as a guidance for this section. Please see appendix 1 for a direct link to this national guidance.

4.1 Reasonable grounds for concerns

Individuals should always inform Tusla when they have reasonable grounds for concern that a Child may have been, is being, or is at risk of being abused or neglected, as detailed within section 5 of the policy.

It is not necessary for the reporter to prove that abuse has occurred to report a concern to Tusla. All that is required is that there are reasonable grounds for concerns. It is Tusla's role to assess concerns that are reported to it.

Reasonable grounds for a Child protection or welfare concern include:

- » Evidence, for example, of an injury or behaviour, that is consistent with abuse and is unlikely to have been caused in any other way
- » Any concern about possible sexual abuse
- » Consistent signs that a Child is suffering from emotional or physical neglect
- » A Child saying or indicating by other means that he or she has been abused
- » Admission or indication by an adult or a Child of an alleged abuse they committed
- » An account from a person who saw the Child being abused

4.2 What is Child Abuse

Child Abuse can be categorised into four main types: neglect, emotional abuse, physical abuse and sexual abuse. A Child may be subjected to one or more forms of abuse at any given time. Abuse and neglect can occur within the family, in the community or in an institutional setting.

The abuser may be someone known to the Child or a stranger, and can be an adult or another Child. In a situation where abuse is alleged to have been carried out by another Child, you should consider it a Child welfare and protection issue for both Children and you should follow Child protection procedures for both the victim and the alleged abuser.

The important factor in deciding whether the behaviour constitutes abuse or neglect is the impact of that behaviour on the Child rather than the intention of the parent/carer/alleged abuser.

The definitions of neglect and abuse presented in this section are not legal definitions, nor are they exhaustive. They are intended to describe ways in which a child might experience abuse and how this abuse may be recognised.

4.3 Neglect

(a) Neglect is generally defined in terms of an omission of care, where a Child's health, development or welfare is impaired by being deprived of food, clothing, warmth, hygiene, medical care, intellectual stimulation, supervision and safety.

(b) The following are features of Child Neglect:

- » Children being left alone without adequate care and supervision
- » Malnourishment, lacking food, unsuitable food or erratic feeding
- » Inadequate living conditions – unhygienic conditions, environmental issues, including lack of adequate heating and furniture
- » Lack of protection and exposure to danger, including moral danger, or lack of supervision appropriate to the Child's age
- » Non-organic failure to thrive, i.e. a child not gaining weight due not only to malnutrition but also emotional deprivation
- » Failure to provide adequate care for the Child's medical and developmental needs, including intellectual stimulation

(c) A reasonable concern for the Child's welfare would exist when neglect becomes typical of the relationship between the Child and the parent or carer. This may become apparent where you see the Child over a period of time, or the effects of neglect may be obvious based on having seen the Child once.

4.4 Emotional Abuse

(a) Emotional abuse is the systematic emotional or psychological ill-treatment of a Child as part of the overall relationship between a caregiver and a Child. Abuse occurs when a Child's basic needs for attention, affection, approval, consistency and security are not met, due to incapacity or indifference from their parent or caregiver.

(b) Emotional abuse may be seen in some of the following ways:

- » Rejection
- » Lack of comfort and love
- » Lack of attachment
- » Lack of proper stimulation (e.g. fun and play)
- » Lack of continuity of care (e.g. frequent moves, particularly unplanned)
- » Persistent criticism, sarcasm, hostility or blaming of the Child
- » Bullying
- » Conditional parenting in which care or affection of a Child depends on his or her behaviours or actions
- » Extreme overprotectiveness
- » Inappropriate non-physical punishment (e.g. locking Child in bedroom)
- » Seriously inappropriate expectations of a Child relative to his/her age and stage of development

(c) There may be no physical signs of emotional abuse unless it occurs with another type of abuse. A Child may show signs of emotional abuse through their actions or emotions in several ways. These include insecure attachment, unhappiness, low self-esteem, educational and developmental underachievement, risk taking and aggressive behaviour.

(d) A reasonable concern for the Child's welfare would exist when the behaviour becomes typical of the relationship between the Child and the parent or carer.

4.5 Physical Abuse

(a) Physical Abuse is when someone deliberately hurts a Child physically, or puts them at risk of being physically hurt. It may occur as a single incident or as a pattern of incidents

(b) Physical abuse can include the following:

- » Beating, slapping, hitting or kicking
- » Pushing, shaking or throwing
- » Pinching, biting, choking or hair-pulling
- » Use of excessive force in handling
- » Suffocation
- » Physical punishment
- » Fabricated/induced illness
- » Female genital mutilation
- » Deliberate poisoning

(c) The Children First Act 2015 includes a provision that abolishes the common law defence of reasonable chastisement in court proceedings. This defence could previously be invoked by a parent or other person in authority who physically disciplined a Child. The change in the legislation now means that in prosecutions relating to assault or physical cruelty, a person who administers such punishment to a Child cannot rely on the defence of reasonable chastisement in the legal proceedings. The result of this is that the protections in law relating to assault now apply to a Child in the same way as they do to an adult.

A reasonable concern exists where the Child's health and/or development is, may be, or has been damaged as a result of suspected physical abuse.

4.6 Sexual Abuse

(a) Sexual abuse occurs when a Child is used by another person for his or her gratification or sexual arousal or for that of others. It includes the Child being involved in sexual acts (masturbation, fondling, oral or penetrative sex) or exposing the Child to sexual activity directly or through pornography

(b) Child sexual abuse may cover a wide spectrum of abusive activities. It rarely involves just a single incident and in some instances, occurs over a number of years. Child sexual abuse most commonly happens within the family, including older siblings and extended family members.

(c) It should be remembered that sexual activity involving a Young Person may be sexual abuse even if the Young Person concerned does not themselves recognise it as abusive.

(d) Examples of child sexual abuse include the following:

- » Any sexual act intentionally performed in the presence of a Child
- » An invitation to sexual touching or intentional touching or molesting of a Child's body whether by a person or object for the purpose of sexual arousal or gratification
- » Masturbation in the presence of a Child or the involvement of a Child in an act of masturbation
- » Sexual intercourse with a Child, whether oral, vaginal or anal
- » Sexual exploitation of a Child, which includes:
 - » Inviting, inducing or coercing a Child to engage in prostitution or the production of Child pornography [for example, exhibition, modelling or posing for the purpose of sexual arousal, gratification or sexual act, including its recording (on film, videotape or other media) or the manipulation, for those purposes, of an image by computer or other means]
 - » Inviting, coercing or inducing a Child to participate in, or to observe, any sexual, indecent or obscene act
 - » Showing sexually explicit material to children, which is often a feature of the 'grooming' process by perpetrators of abuse
- » Exposing a Child to inappropriate or abusive material through information and communication technology
- » Consensual sexual activity involving an adult and an underage person

(e) An Garda Síochána will deal with any criminal aspects of a sexual abuse case under the relevant criminal justice legislation. The prosecution of a sexual offence against a Child will be considered within the wider objective of Child welfare and protection. The safety of the Child is paramount and at no stage should a Child's safety be compromised because of concern for the integrity of a criminal investigation.

(f) In relation to Child sexual abuse, it should be noted that in criminal law the age of consent to sexual intercourse is 17 years for both boys and girls. Any sexual relationship where one or both parties are under the age of 17 is illegal and should be report to TUSLA and An Garda Síochána for them to determine if it is regarded as child sexual abuse

(g) It is an offence for a person in authority to engage or attempt to engage in a sexual act with a child under 18 years of age.

4.7 Bullying

(a) Bullying

- » Bullying can be defined as repeated aggression – whether it is verbal, psychological or physical – that is conducted by an individual or group against others. It is behaviour that is intentionally aggravating and intimidating, and occurs mainly among Children in social environments such as schools. It includes behaviours such as physical aggression, cyberbullying, damage to property, intimidation, isolation/exclusion, name calling, malicious gossip and extortion. Bullying can also take the form of abuse based on gender identity, sexual preference, race, ethnicity and religious factors. With developments in modern technology, Children can also be the victims of non-contact bullying, via mobile phones, the internet and other personal devices.
- » While bullying can happen to any Child, some may be more vulnerable. These include: Children with disabilities or special educational needs; those from ethnic minority and migrant groups; from the Traveller community; lesbian, gay, bisexual or transgender (LGBT) Children and those perceived to be LGBT; and Children of minority religious faiths.

- » There can be an increased vulnerability to bullying among Children with special educational needs. This is particularly so among those who do not understand social cues and/or have difficulty communicating. Some Children with complex needs may lack understanding of social situations and therefore trust everyone implicitly. Such Children may be more vulnerable because they do not have the same social skills or capacity as others to recognise and defend themselves against bullying behaviour.
- » **In cases of serious instances of bullying where the behaviour is regarded as possibly abusive, you may need to make a referral to Tusla and/or An Garda Síochána.**

(b) Cyber, text and social media bullying

- » Cyber bullying can involve unwanted text messages, phone calls, video chats/ recordings or web posts being used to threaten abuse or harm someone. It is similar to physical or verbal bullying, but it uses technology instead. Cyber bullying, like all bullying, is difficult for the victim. It can be hard to prove and difficult to get the courage to report it. Text bullying or harassment can be texts that frighten, insult, threaten or make the recipient feel uncomfortable. Email, social networks like Facebook/Twitter and phone calls can be used to harass in the same way. Information on way to report this are detailed within appendix 12 of the policy.
- » The FAI Social Media and communication section of the policy (section 14) also provides guidance on the appropriate use of social media.

4.8 Vulnerable Children

(a) Certain Children are more vulnerable to abuse than others. Such Children include those with disabilities, homeless Children and those who, for one reason or another, are separated from their parents or other family members and who depend on others for their care and protection. The same categories of abuse - neglect, emotional abuse, physical abuse and sexual abuse - are applicable, but may take a slightly different form. For example, abuse may take the form of deprivation of basic rights, harsh disciplinary regimes or the inappropriate use of medications or physical restraints.

(b) It is important to remember that the presence of any of these factors does not necessarily mean that a Child in those circumstances or settings is being abused.

(c) Vulnerable Children and Children with additional needs may need extra support when accessing our services within the Organisation please see the FAI Support Guidance for Children with Additional Needs and Vulnerable Persons for help and advice which can be found within Appendix 14.

4.9 Recognising Child Abuse

Child abuse can often be difficult to identify and may be present in many forms, therefore it is necessary to follow some general guidelines.

(a) There are commonly three stages in the identification of child abuse:

- » Considering the possibility;
- » Looking out for signs of abuse;
- » Recording of information.

(b) Stage 1: Considering the possibility

The possibility of Child abuse should be considered if a Child appears to have suffered a suspicious

injury for which no reasonable explanation can be offered. It should also be considered if the Child seems distressed without obvious reason or displays persistent or new behavioural problems. The possibility of Child abuse should also be considered if the Child displays unusual or fearful responses to parents/carers.

(c) Stage 2: Looking out for signs of abuse

Signs of abuse can be physical, behavioural or developmental. They can exist in the relationships between Children and parents/carers or between Children and other family members/other persons. A cluster or pattern of signs is likely to be more indicative of abuse. Children who are being abused may hint that they are being harmed and sometimes make direct disclosures. Disclosures should be believed.

Some signs are more indicative of abuse than others. These include:

- » Disclosure of abuse and neglect by a Child or Young Person;
- » Age-inappropriate or abnormal sexual play, language or knowledge;
- » Specific injuries or patterns of injuries;
- » Absconding from home or a care situation;
- » Self-harm;
- » Attempted suicide;
- » Underage pregnancy or sexually transmitted disease;
- » Signs in one or more categories at the same time may together indicate a pattern of abuse.

Most signs of abuse are non-specific and must be considered in the Child's social and family context with the aid of professionals. Football clubs are often the places where appropriate trusting relationships with adults outside the family or formal education sector are developed. However, it can also provide opportunities for adults to target and groom a Child or Young Person through their role as a volunteer or paid employee. Grooming can be seen as the process by which an individual manipulates those around them – particularly, but not exclusively, the Child – to provide opportunities to abuse and reduce the likelihood of being reported or discovered.

(d) Stage 3: Recording and reporting of information

If abuse is suspected, it is important to provide TUSLA with as much relevant information as possible. Observations should be accurately recorded and should include dates, times, names, locations, context and any other information that may be relevant. Please refer to section 5- reporting procedures of the Policy for more information.

(e) Points to remember;

- » The severity of a sign does not necessarily equate with the severity of the abuse. Severe and potentially fatal injuries are not always visible. Emotional and/or psychological abuse tends to be cumulative, and effects may only be observable in the longer term.
- » Neglect is as potentially fatal as physical abuse. It can cause delayed physical, psychological and emotional development, chronic ill-health and significant long-term damage. It may also precede or co-exist with other forms of abuse and must be acted upon.
- » Child abuse is not restricted to any socio-economic group, gender or culture. All signs must be considered in the wider social and family context.
- » Challenging behaviour by a Child should not render them liable to abuse. Children in certain circumstances may present management problems. This should not leave them vulnerable to

harsh disciplinary measures or neglect of care. Please refer to the FAI Support Guidance for Children with Additional Needs and Vulnerable persons, for help and advice with how to deal with Challenging behaviour which can be found within Appendix 14.

- » It is sometimes difficult to distinguish between indicators of Child abuse and other adversities suffered by Children and families. The advice of TUSLA should always be sought.

5. Reporting procedures

The FAI, clubs, leagues and members shall treat all concerns reported under the Policy in a serious manner.

The Children first: National guidance for the Protection and welfare of children 2017 was used as a guidance for this section. Please see appendix 1 for a direct link to this national guidance

5.1 All FAI Staff and Volunteers, Participants, Clubs, League, members & parents (included Mandated persons- see section 3) should follow the procedures outlined in this section when they have a reasonable grounds of concern that a child has been, is being or is at risk of being abused, harmed or neglected. Mandated persons have further responsibilities as outlined in section 3.

5.2 Persons who may be involved:

The following people may be involved in reporting allegations, concerns or disclosure of abuse:

- a) Designated liaison persons- the person who fulfil this role is detailed in section 3 of the policy, their details will be provided on the relevant organisations Child Safeguarding Statement.
- b) Childrens officer- their details will be provided on the relevant organisations Child Safeguarding statement as the relevant person for the statement.
- c) Mandated persons- as outlined in section 3
- d) FAI Child Welfare & Safeguarding Manager (Designated Liaison Person for FAI staff and FAI volunteers) & FAI Child Welfare & Safeguarding department.
- e) External mandated persons- as outlined in section 3

5.3 All FAI Staff, FAI Volunteers, Mandated persons, Participants (defined in the glossary), Clubs, League, members & parents who have reasonable grounds for concerns that a Child may have been, is being, or is at risk of being abused or neglected are advised to immediately inform the relevant Designated Liaison Person (or deputy Designated liaison Person) of their Club, League and Member body. If this is not possible then the participant can report their concern directly to the Statutory Authorities (information within appendix 1). The FAI Child Welfare and Safeguarding Department can be contacted for advice on procedures in line with the policy. TUSLA can also be contacted for informal consultation. The priority in all cases is the safety and wellbeing of the Child and all necessary steps should be taken to protect the Child.

5.4 The Designated Liaison Person should record all concerns or allegations brought to their attention.

5.5 Once a Designated Liaison Person make a report to a Statutory Authorities in relation to a participant (as set out in the glossary), they should notify the FAI Child Welfare and Safeguarding Manager, Child Welfare and Safeguarding department if the manager is not available.

5.6 If, as a Designated Liaison Person, you decided not to report a concern to Statutory Authorities, the following steps should be taken;

- » The reasons for not reporting should be recorded
- » Any actions taken as a result of the concern should be recorded
- » The employee or volunteer who raised the concern should be given a clear written explanation of the reasons why the concern is not being reported.
- » The employee or volunteer should be advised that if they remain concerned about the situation, they are free to make a report to Statutory Authorities themselves at any time and should notify the Designated Liaison Persons if they have done so.

5.7 If there are concerns about a Child but the Designated Liaison Person is unsure if it should be reported to Tusla, it may be useful to contact Tusla to informally discuss the concern. This provides an opportunity to discuss the query in general and to decide whether a formal report of the concern to Tusla is appropriate at this stage.

5.8 The Designated Liaison Person should always consider any internal action which may be necessary whether they decide to report or not report the matter.

5.9 As highlighted Employees or others engaged by the FAI who are advised, suspect or are concerned that a Child may be at risk of abuse are obliged to immediately inform the FAI Child Welfare and Safeguarding Manager (the Designated person for the FAI) or the other members of the Child Welfare & Safeguarding department if the Manager is not available, in line with the FAI Child Safeguarding Statement. The priority in all cases is the safety and wellbeing of the child. Should an employee choose to report a matter directly to TUSLA they should also report it to the Child Welfare & Safeguarding department to ensure other precautionary measures can be taken. When reporting the matter the FAI Child Welfare and Safeguarding manager will do so as a mandated report, however a mandated person can make a non-mandated report if the concern does not meet the threshold of harm.

5.10 In the event of an emergency where a Child is believed to be in immediate danger and Tusla cannot be contacted then the Gardaí should be contacted.

5.11 In cases where there is deemed to be a serious risk to Children the Designated Liaison Person may issue a precautionary Stand Down Order in line with the Policy. Please see section 8 for more details.

5.12 Reports can be made to Tusla via their online portal, the link is available in appendix 1, by telephone or in writing - including by email- to the local duty service in the area where the Child lives. Details can be found on the Tusla website which is also available in the appendix 1. It is important that the report reaches TUSLA as soon as possible.

5.13 To help Tusla staff assess the reasonable concern, they need all relevant information. Observations should be accurately recorded and should include dates, times, names, locations, context and any other information that may be relevant. **It is not the role of the Designated Liaison Person to investigate the circumstances of an allegation of abuse prior to informing the Statutory Authorities.** It should be ensured that all relevant information is recorded and provided to the Statutory Authorities.

5.14 Parents/carers of a Child who is a suspected victim of abuse should be advised that a report is being made unless doing so is likely to endanger the Child.

5.15 Reports received anonymously should be taken seriously and relevant enquiries made to establish if there is any substance to the complaint. The welfare of the Child is a priority in all cases.

5.16 Children who are being abused may hint that they are being harmed and sometimes make disclosures. Disclosures should always be believed and reported to the relevant Designated Liaison Person without delay. The person to whom the child is making the disclosure should follow the procedure outlined in the Safeguarding 1 basic awareness training.

5.17 Any request to keep information anonymous cannot be guaranteed.

5.18 Anonymous Concern

Whilst difficult to pursue, anonymous complaints should not be ignored. Anonymous complaints brought to the attention of the Designated Liaison Person should be looked into fully, based on the information that has been provided. The review should be completed without prejudice to any person and it should be explained to all parties that there is an obligation to review all matters reported. Where necessary, having carefully considered all of the facts, a report to the Statutory Authorities may be submitted.

5.19 Joint reporting

A mandated person can make a report jointly with another person, whether that person is also a mandated person or not. An example of this could be the FAI Child Welfare and Safeguarding manager and a club Designated Liaison person. A mandated person should be aware that the legal obligations under the Children First Act 2015 to report mandated concerns rest with the mandated person and not with the designated liaison person. Where mandated persons share the same concern or information, only one person is required to report, or they can report jointly. A clear decision on who will report the concern if not jointly and all parties should be kept informed. Reporting forms can be found in Appendix 8 or link to the Tusla online portal within appendix 1

5.20 Dealing with a retrospective allegation

Some adults may disclose abuse that took place during their childhood. You should report this information to Tusla, as the alleged abuser may pose a current risk to children. If you have a reasonable concern about past abuse, you should report it to Tusla using the retrospect reporting form. A link to forms for Retrospective abuse report can be found within appendix 1. All retrospective abuse concerns must also be reported in line with the above reporting procedure and the Designated Liaison Person informed without delay.

Internal precautionary measures such as Stand Down Orders will also be applicable.

5.21 Reporting Peer Abuse.

In a situation where abuse is alleged to have been carried out by another child, you should consider it a child welfare and protection issue for both children and you should follow child protection procedures for both the victim and the alleged abuser.

5.22 Missing Children

If a Child is believed to be missing, efforts should be made to first establish the Child's whereabouts by contacting the parents/carers. If the Child's location cannot be established and/or the parents/carers are not available and reasonable efforts have been made to contact them the matter should be reported to the Gardaí urgently.

5.23 Protection from civil liability for persons reporting concerns of child abuse in good faith:

a) Section 16 (3) of the Children First Act, 2015: If a Mandated Person furnishes any information (including a report), document or thing to the Agency pursuant to a request made under subsection (1), the furnishing of that information, document or thing shall not give rise to any civil liability in contract, tort or otherwise and nor shall the information, document or thing be admissible as evidence against that person in any civil or criminal proceedings.

b) Section 3 Protections for Persons Reporting Child Abuse Act 1998: Legislation makes provision for the protection from civil liability of persons who have communicated Child abuse 'reasonably and in good faith' to designated officers of Tusla or to any member of An Garda Síochána. This protection applies to organisations as well as to individuals. This means that even if a communicated suspicion of Child abuse proves unfounded, a plaintiff who took an action would have to prove that the person who communicated the concern had not acted reasonably and in good faith in making the report.

5.24 How Reports shall be managed

(a) Once a report is received it shall be reviewed by the relevant Designated Liaison Person. The Designated Liaison Person shall determine if a report needs to be made to the relevant Authorities following the above information. If not, please follow procedure outlined in 5.5 of the policy.

(b) The Designated Liaison Person should issue a Stand Down order once a report to a statutory body has been made and notify the FAI in line with section 8 of the policy.

(c) Record keeping is very important to ensure all steps taken have been recorded and the reasons why those steps have been taken.

(d) All records should be kept in line with General Data Protection Regulations.

(e) No enquiry is to proceed if a Statutory Investigation is under way as it may affect that investigation. Once any Statutory Investigation is completed the Designated Liaison Person shall follow the above step.

(f) Any report made directly to the FAI Child Welfare and Safeguarding Manager or Child Welfare and Safeguarding department shall be assessed and if assessed as not reaching the threshold of harm or a reasonable grounds for concern, then the FAI child Welfare and Safeguarding manager will carry out the steps outlined in 5.5 of the policy and also, if deemed more appropriate, it shall be remitted to the Designated Children's Officer of the Club, League and Member for consideration as per FAI Concern and complaint section 6.

(g) If a mandated person has made a direct report to TUSLA, the mandated person should notify the Designated Liaison person of their organisation (FAI, Club, League, Member) to ensure the above steps are completed.

5.25 False/Malicious Allegations

False or malicious allegations are deemed to be a serious breach of the Policy and the FAI Regulations. This may result in disciplinary action being taken and may constitute an offence under relevant legislation.

6. Poor Practice/Conduct Complaints & Concerns

Some concerns may not meet the threshold of 'harm' or constitute 'reasonable grounds for concern' that would require making a report to the Statutory Authorities. However the complaint/concern may require a response. This section is written to provide clear and unambiguous procedures for responding to such cases which could be defined as suspected poor practice and/or conduct. It aims to set out guidelines and procedures on how to take action if there are any concerns for those working in a voluntary or paid capacity with Children within the game.

It is important the complaint/concern is raised directly to the organisation where it is believed that the poor practice has occurred in the first instance. There is further information on the escalation process in section 6.6.

(If any report made directly to the FAI Child Welfare and Safeguarding Manager or Child Welfare and Safeguarding department may be deemed it more appropriate, it shall be remitted to the Designated Children's Officer of the Club, League and Member for consideration.

6.1 What is Poor Practice/conduct?

Incidents of poor practice occur when the needs of Children are not afforded the necessary priority, so their welfare is compromised. Examples of poor practice are likely to be once-off incidents and these might include but are not limited to:

6.1.1 Coach

- b) Failing to implement FAI Regulations on the protection and welfare of Children, the FAI Child Welfare and Child Safeguarding Policy and other supporting documents.
- c) Placing undue pressure on a coach or team of Children to win games or competitions.
- d) Allowing poor practice to go unreported (e.g. a coach who ridicules and criticises Children who make a mistake during a match).
- e) Failing to create an environment that encourages player development and enjoyment over winning games and trophies.
- f) Failing to provide appropriate safeguarding education for their coaches and members.

- d) Ignoring health and safety guidelines (e.g. allowing Children to set up goal posts unsupervised by adults).
- e) Failing to adhere to the club's codes of practice.

6.1.7 Points to remember

- a) If at any time the person handling the concern/complaint receives information which would change the threshold of the concern/complaint and it now would be considered reasonable grounds for concerns, the matter should be reported to the statutory authorities in line with section 6 of the policy and the person handling the matter should stop any internal proceedings.

6.2 How to Deal with Alleged Poor Practice

6.2.1 Where alleged poor practice has been identified or reported, it must be dealt with in a fair and impartial manner. All information should be treated in the strictest of confidence, in accordance with procedures concerning confidentiality outlined within this policy.

6.2.2 When an example of alleged poor practice is reported, it should be dealt with on a case by case basis. The following steps provide guidance as to how a complaint of poor practice could be handled:

- a) Alleged poor practice is observed and/or reported. This information is then passed on to the Children's Officer.
- b) Initial assessment is carried out by the Children's Officer who should collate all information / reports and record what action has been initially taken, if any.
- c) Inform the person(s) against whom the report of alleged poor practice has been made and offer them the opportunity to respond.
- d) The Children's Officer should then record what the next step will be and if any other parties need to be approached to collect information or reports from.
- e) If information needs to be collected from Children this should be done in the presence of their parents or guardians. Collecting information from Children should only occur where necessary.
- f) All information should be treated in the strictest of confidence, in accordance with procedures concerning confidentiality outlined within this policy.
- g) If the accused agrees that poor practice has taken place, they may be subject to an appropriate sanction. The matter should be referred by the Designated Liaison Person and / or Children's Officer to their Executive Committee for review. On assessment, the Executive Committee may refer the matter to an appropriate disciplinary body. This should be the body to which the matter was reported and if investigated in full no referral to a higher body is warranted.
- h) If the alleged poor practice is disputed, the Designated Liaison Person and / or Children's Officer must refer the matter to their Executive Committee for review. On assessment, the Executive Committee may refer the matter to an appropriate disciplinary body. This should be the body to whom the matter was reported and if investigated in full no referral to a higher body is warranted.
- i) Should a disciplinary hearing be required, the panel should be impartial consisting of at least 3 members. All parties should be provided with the opportunity to make further oral and / or written submissions.
- j) Should the alleged poor practice relate to an individual who is under 18 years of age, no meetings should be held with that person without the presence or permission of a parent / guardian. If a parent or guardian cannot attend then a coach chosen by the parents can attend in their place.
- k) All parties should be informed of the decision of any such investigation or disciplinary hearing in writing as soon as possible on completion of same.
- l) Note: If a party feels that the alleged Poor Practice has not been investigated in full, they should refer the matter to the appropriate Club, League and Member, for example, Club to League, League to National Body/Provincial Association, National Body/Provincial Association to FAI. This is outlined further in this section.
- m) When a conflict of interest occurs for the children's officer this should be declared and it may be necessary for the club/ league/member to appoint a different person from the committee to review the complaint or request the children's officers from a different club/league/member to assist with the review the organisations behalf.

6.3 Sanctions Involving Poor Practice

6.3.1 If there is cause to believe that poor practice has occurred, a sanction proportionate to the offence should be applied.

6.3.2 The sanction process should be in line with disciplinary procedures.

6.3.3 Any suspension / removal of a parent / guardian should not impact the involvement of the Child. Drop off and collection of their Child should be facilitated to allow the Child attend training and matches.

6.4 Other resolution options

Sometimes after a complaint and a review, the conflict between parties can persist. This can be detrimental to the club/league/member, the player and others involved. Organisation may want to consider the below resolution options. However, in cases where a report has been submitted to Tusla as it has reached the Reasonable Grounds for Concern or where a Mandated Report has been submitted, restorative justice may not be appropriate.

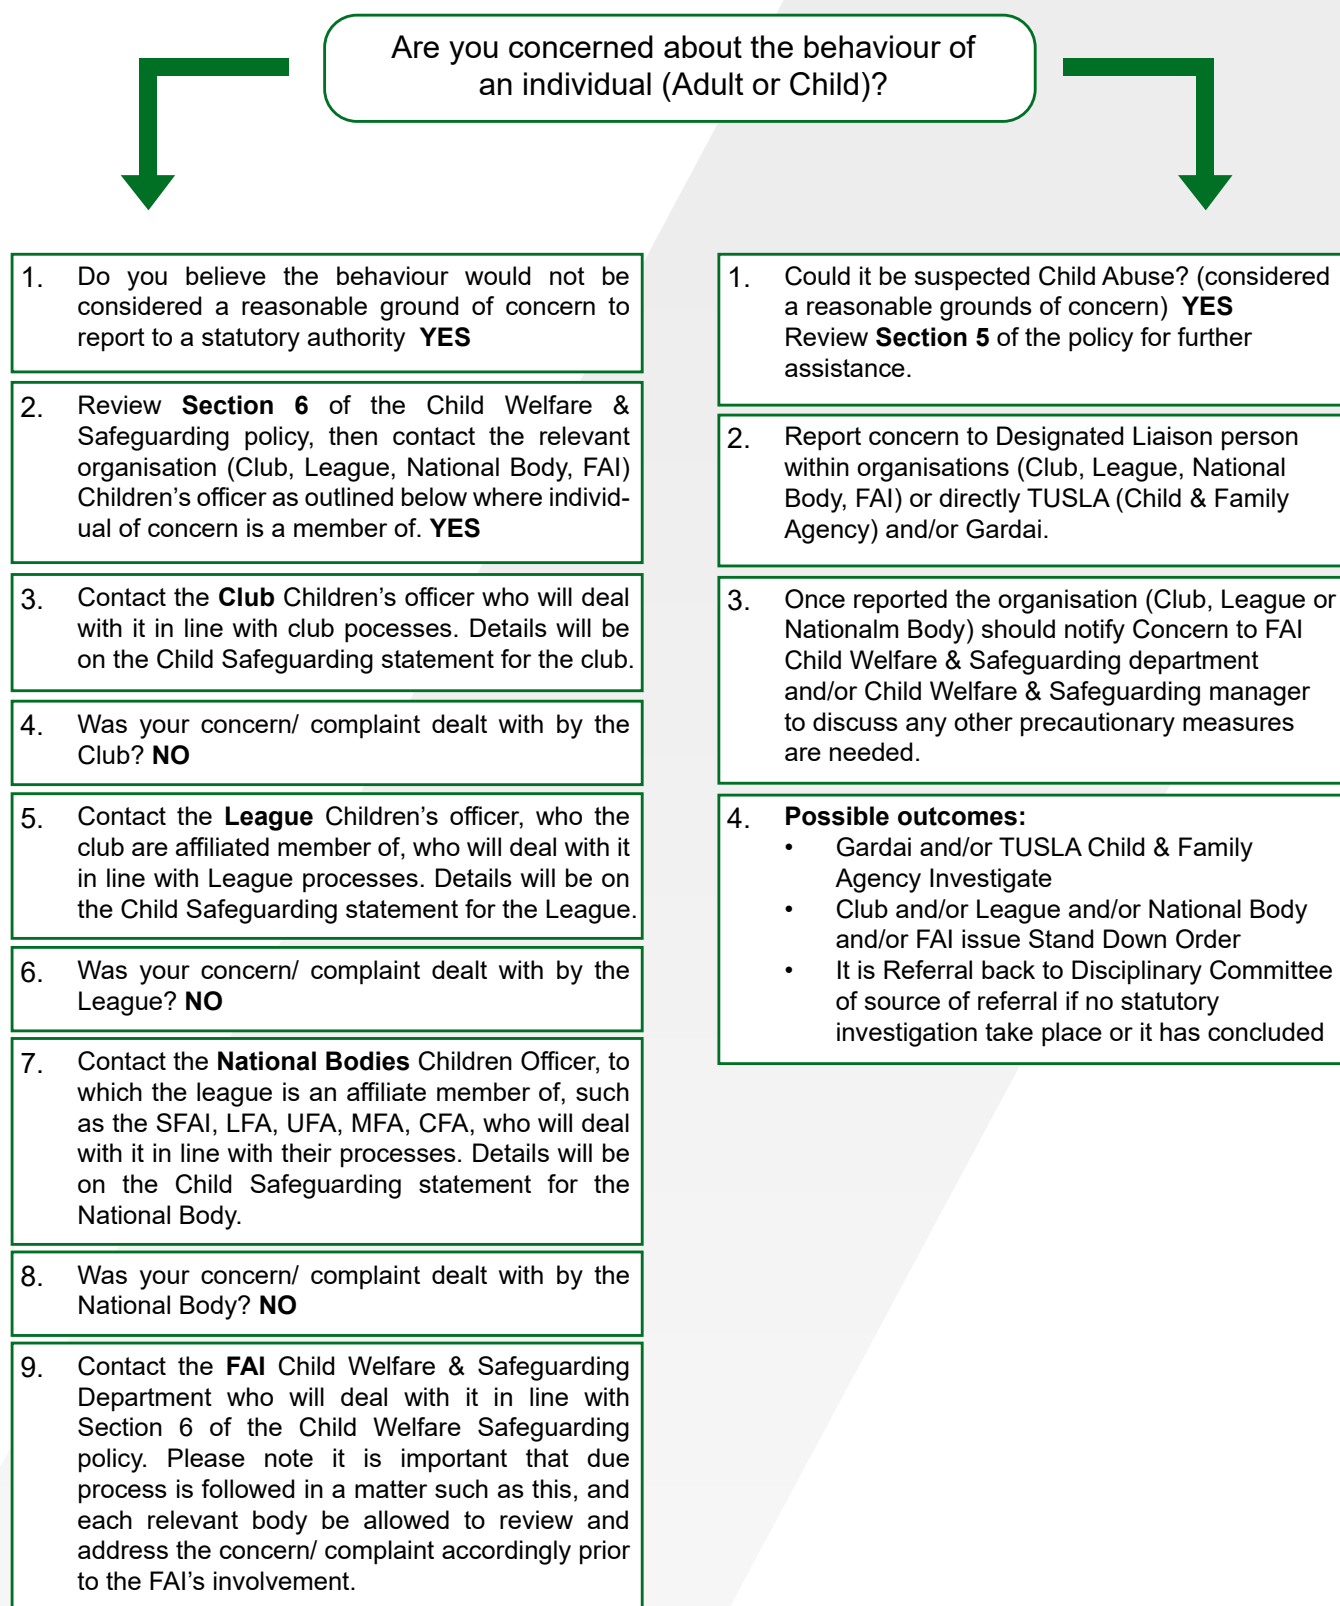

6.4.1 Restorative Practices is an umbrella term used for strategies that help us to proactively build community and relationships and manage conflict and tensions in ways that treat humans with dignity and respect. Circle Practices, a form of restorative practices, are a range of proactive approaches that aim to develop a safe community and build relationships, while Restorative Justice, perhaps the most well-known form of restorative practices, is more reactive in nature and aims to manage conflict and tensions by repairing harm and restoring relationships. These approaches could be helpful in these situations. Links to useful information on this can be found in the appendices.

6.4.2 Mediation is a process for resolving disputes where those in dispute meet with a third party who helps them to negotiate an agreed resolution. Links to useful information on this can be found in the appendices.

6.5 Anonymous Complaints

a) Whilst difficult to pursue, anonymous complaints should not be ignored. Anonymous complaints should be brought to the attention of the Children's Officer and should be looked into fully based on the information that has been provided. The review should be completed without prejudice to any person and it should be explained to all parties that there is an obligation to review all matters reported.

Such disciplinary action may be at Affiliate level if appropriate or submitted to the FAI Disciplinary Bodies in accordance with the below procedure. Disciplinary action by the FAI may proceed notwithstanding any action by Statutory Authorities, however the FAI reserves the right to liaise with the Statutory Authorities in respect of any action and to take instruction from them in respect of same. Any delay in the initiating of disciplinary charges at the request of Statutory Authorities shall not prejudice later disciplinary action.

10.4 Appeals for Disciplinary action

All Disciplinary Committee decisions are subject to appeal in accordance with the FAI disciplinary Regulations,

11. Garda Vetting

11.1 The FAI is registered in the register of relevant Organisations with the National Vetting Bureau for the purposes of Garda vetting. Garda vetting is a process which involves an individual giving consent for An Garda Síochána to furnish the FAI with a statement that there are no convictions recorded in the Republic of Ireland or elsewhere or a statement of all convictions and / or prosecutions, successful or not, pending or completed in the State or elsewhere as the case may be. **Garda vetting must be completed prior to the commencement of any position for those who will be working with Children and/or Vulnerable Persons in any capacity.** This is a Statutory requirement under the National Vetting Bureau (Children and Vulnerable Persons) Act 2012 to 2016. The Act creates offences and penalties for persons who fail to comply with its provisions. Garda vetting is not a substitute for safe recruitment but provides another element in determining a person's suitability to work with Children or Vulnerable Persons. The FAI recommends that Club, League and Members **do not** solely rely upon vetting checks but should also seek to determine an individual's suitability for a position through normal recruitment processes including interviews and reference checks.

11.2 FAI Vetting Obligations

- (a) All those engaging with persons under the age of 18 and Vulnerable Persons shall be Garda Vetted.
- (b) All Children's Officers, Designated Liaison Person, Chairpersons and Secretaries and other committee members of each Club, League and Member involved with teams that are competing in any age group up to and including Under 18's and Vulnerable Persons shall be Garda Vetted.
- (c) All coaches or those involved with the management of any team that are competing in any age group up to and including Under 18 or have Vulnerable Persons on their team shall be Garda Vetted.
- (d) Any other person working or volunteering with Children or Vulnerable Persons in any capacity on behalf of the FAI or a Club, League or Member shall be Garda Vetted. It is the responsibility of the football body concerned to determine the persons within their organisation who this applies to subject to the relevant legislation and guidelines. If determined that Garda Vetting is not needed for an individual then procedures must be outlined with the Risk assessment to minimise any risks.
- (e) Failure to ensure that persons are vetted in accordance with the Policy, FAI Regulations and/or legislation may result in disciplinary action against the individual and/or Club, League and Member and may also constitute a legal offence under relevant legislation.
- (f) Club, League and Members shall not accept confirmation of the Garda vetting status of any individual prior to confirmation being received by the individual from the FAI that the Garda vetting of the individual is in order. The individual will receive an update through the My Comet system stating their application has passed, they will also be able to download written correspondence of the confirmation and a Garda Vetting Licence will appear on their licence tab. The Club, League, and Member, if they have registered the individual will be able to see the Garda Vetting Licence. It is the responsibility of each Club, League

or Member, who engage individuals, to ensure that they are comfortably satisfied that the individual has completed the vetting process through the FAI. No Garda Vetting other than that completed through the FAI can be accepted.

(g) A Garda Vetting clearance or pass letter from the FAI is not an approval letter for an individual to be involved with children. It is the responsibility of any Member, League, or Club to ensure an individual is suitable to be involved with children on behalf of their organisation. Garda Vetting is not a substitute for safe recruitment, and all Clubs, Leagues, and Members must follow safe recruitment practices, including as outlined in the policy when engaging persons to work or volunteer with children and/or vulnerable persons within their organisation.

11.3 Vetting Applications

(a) The FAI shall provide a Garda vetting service to all Clubs, Leagues and Members. Applications for vetting may be made by contacting the Children's Officer of the relevant football body or the person responsible for the vetting application with the relevant football body or directly through the FAI.

(b) The FAI shall be solely responsible for the approval of all vetting applications and final determination on disclosures provided by the National Vetting Bureau in accordance with the Policy.

(c) All persons shall complete their vetting application in good faith and shall ensure all information provided is accurate, complete and up to date. Providing false or incorrect information carries legal penalties and/or disciplinary action under the FAI Regulations.

(d) All matters disclosed as part of the Garda vetting application shall remain confidential to FAI authorised personnel, the applicant, the Child Welfare and Safeguarding Committee Members and Statutory Authorities, and stored in line with General Data Protection Regulations. However, approvals and rejections shall be notified to all relevant football personnel in accordance with the Policy.

11.4 Vetting Application Process

(a) The relevant application forms can be found on the website, a link is provided within the appendices. If the applicant is between the ages 16-17 the NVB3 Parent/Guardian form will also need to be completed. When the applicant has obtained the relevant application form the steps below should be followed. Please note all forms received via the FAI My Comet system must be dated within 5 months of submission or they will be returned to the applicant. Incomplete forms or incorrect identification will also be returned and may delay applications.

- **Step 1**

Once a vetting application form has been fully completed all forms should be sent by the Club, League, Provincial Association or National Body to the Child Welfare Department, all forms must be sent to the FAI for processing and not to An Garda Síochána. When the application is received by the FAI, if correctly completed, an email will be sent from the National Vetting Bureau to the applicant requesting that they complete the next part of the process. This involves the applicant providing further personal details such as their previous address history, any criminal convictions, changes in names, passport numbers and place of birth. After the applicant has completed the online part of the process, the National Vetting Bureau e-vetting system will request that the Liaison Person for the FAI review the application data. If the Liaison Person is satisfied with the data it will be submitted to the National Vetting Bureau to conduct the relevant checks. The National Vetting Bureau will keep the applicant up to date with each part of the online process.

- **Step 2**

When the relevant checks have been completed a Garda vetting disclosure will be returned to the FAI, the disclosure will contain a statement which will include either that;

- I. there are no convictions recorded against the individual in the Republic of Ireland or elsewhere, or
- II. a statement of all convictions and/or prosecutions, successful or not, pending or completed, in the State or elsewhere as the case may be.

It may also contain specified information in relation to the applicant. This means information concerning a finding or allegation of Harm to another person received by the Bureau from An Garda Siochana or a scheduled Organisation pursuant to section 19 of the National Vetting Bureau (Children and Vulnerable Persons) Act 2012 to 2016. Please note the National Vetting Bureau will notify the applicant before disclosing specified information to the Relevant Organisation.

A copy of the vetting disclosure will be made available to the applicants on request.

- **Step 3 – No Convictions or Specified Information**

Should the vetting disclosure contain no convictions recorded against an individual, correspondence shall be sent to the applicant advising them of this. This correspondence should be provided to the relevant football body as proof of a completed vetting application by the individual. Verbal assurances should never be accepted.

- **Step 4 – Vetting Disclosures with Convictions or Specified information**

In some instances, disclosure of convictions and/or other information will be provided to the Child Welfare and Safeguarding Manager of the FAI by the National Vetting Bureau. In many cases these disclosures may not prevent an individual from receiving a completed vetting application letter.

A decision regarding an individual's receipt of the completed vetting application letter will be assessed. This decision is made at the sole discretion of the FAI Child Welfare and Safeguarding Committee as a sporting body which determines the suitability of its own members, employees and independent contractors to work with Children and Vulnerable Persons. All cases are treated individually and confidentially and are assessed as per the requirements of the post/role and the work that it entails. Disclosures which are of a serious nature may deem a person unsuitable to work with Children or Vulnerable Persons in the FAI.

Applicants will be given an opportunity to comment on any disclosures before any decision is made to ensure fairness and transparency at all times. In some cases, it may be necessary to meet and interview the applicant before a decision is made.

Applicants will then be advised of the decision which has been made in respect of any vetting disclosures. If the decision is negative and if the applicant is not being recommended as being suitable to work with Children or Vulnerable Persons, a letter informing them of this decision will be sent to them.

If an applicant is currently engaged within football due to a previous completed Garda vetting application, and if following a vetting application is subsequently deemed unsuitable to work with Children or Vulnerable Persons, they may also be issued with an immediate Stand Down Order in accordance with the Policy. The FAI shall advise all relevant football bodies who are known to be associated with the applicant of the outcome of any negative vetting application.

- **Step 5 – Appeal**

I. Unsuccessful applicants will be afforded an opportunity to appeal a negative decision made against them.

II. The applicant will be provided with the full requirements that need to be fulfilled in order to lodge the appeal. Once the requirements are all met, the Child Welfare and Safeguarding Manager will liaise with the Legal team in order to arrange a Garda Vetting Appeal panel hearing.

III. The Garda Vetting Appeal review is at the discretion of the Association, who will assemble an independent panel for the review. No attendance is required or allowed from the applicants.

IV. Decisions made by the panel regarding vetting applications are final and not subject to appeal or further review.

i. If the recommendation of rejection is confirmed, the applicant and football bodies involved will be duly informed.

ii. In the case of rejection of an applicant the panel may also make the recommendation to issue an automatic ban from membership of the FAI from all football related activities where vetting disclosures deem it necessary for the protection of Children, Young People or Vulnerable Persons.

V. An individual cannot submit another vetting application through the FAI for another 3 years from the date of a negative decision.

11.5 Vetting Enquiries

(a) The FAI shall keep a secure central database of all vetting applications in accordance with data protection legislation for the duration of the individual's Garda vetting application clearance. Vetting information shall be passed to Club, League and Members seeking information on applicants where the applicant has indicated their consent to such information being disclosed. The Club, League and member can view Garda Vetting information on the FAI Connect system when the applicant provides them with their Comet number to register them. Club, League and Members shall not engage any person to work with Children or Vulnerable Persons without such information being provided either by way of production of a letter confirming the vetting status of an individual or an enquiry being made to the FAI with the consent of the individual concerned.

11.6 Length of Vetting Status

(a) An individual's criminal record may change at any time, hence the importance of general practices being put into place around safe recruitment, references and safe practices in working with Children and Vulnerable Persons. The current FAI policy for re-vetting is a maximum of 3 years. However, shorter periods may be issued by the Child Welfare & Safeguarding Committee. Notwithstanding this, if any person has a concern that an individual should be re-vetted at an earlier interval this should be requested. Additionally, if the individual's role changes within the Organisation they should complete a new Garda vetting application.

11.7 Convictions

(a) Any member charged with or convicted of an offence in any jurisdiction for an offence which may raise significant concerns regarding their appropriateness to work with Children or Vulnerable Persons may be issued with a Stand Down Order if previously received clearance and/or a Ban from all football related activity as referred to in the Policy.

(b) If any individual does not comply with providing the Child Welfare and Safeguarding Committee or the Child Welfare and Safeguarding Manager, with any additional information that is requested, a letter will be issued to the individual informing them that the process has now ended and the application will not proceed. It may also be needed to issue a Stand Down Order and/or a Ban from all football related activity.

12. Safe Recruitment Practices

12.1 FAI Safe Recruitment Practices

(a) The FAI shall ensure that all employees, independent contractors and persons working directly with Children and Vulnerable Persons have completed a Garda vetting application and have received the relevant training. There are additional responsibilities placed on adults accompanying teams in relation to the organisation of away trips and overnights. It should be noted when travelling abroad the FAI does not have any jurisdiction to get involved in external matters.

A host should be provided with as much information about the Child/Children staying with them and details of the competition.

(b) It may be more suitable to ask Children to change at home before and after activities. A common-sense approach should be adopted as to what the parents/guardians may prefer.

(c) Where facilities are being used by Children, proper supervision is required and careful consideration should be given to who should be supervising.

(d) Those persons should be suitable for such supervision, being vetted and recruited in line with the safe procedures outlined in this Policy.

(e) Adults in such supervisory roles should balance the need of supervision with respect of the privacy of Children at all times.

(f) It is recommended that more than one adult supervise at any time and supervisors are of the same gender as the Children involved.

(g) Contact between other adults and Children should be avoided by careful timing of the changing facilities and adequate notices being put in place. Where mixed changing facilities with adults and Children are unavoidable proper adult supervision is even more important.

(h) Parents may be of valuable assistance but should also be suitable for undertaking this responsibility.

parental / guardian consent in advance.

14.9.7 No images or personal information of under 18s should be posted online without prior written consent from each parent / guardian. It is critical that no user is asked to post any personal details of under 18s as certain information could be used to identify or locate them.

14.9.8 To avoid any inappropriate material appearing on your Social Media page you should enable the appropriate privacy settings. This will allow you to manage the content on your Social Media page to avoid any distress or reputational damage.

14.9.9 The content on your page should be accurate and up to date and any material that is no longer required should be removed.

14.9.10 Any inappropriate use, such as bullying, is strictly prohibited and should be reported to the Children's Officer within your organisation.

14.9.11 Misuse of Social Media, in certain circumstances, constitutes a criminal offence and suspicious behaviour towards under 18s should be reported to the Statutory Authorities.

14.9.12 Any content which is considered inappropriate could be in breach of FAI regulations and may also be considered a legal offence.

14.9.13 If you are unsure about something you are about to post, then you should not do it. Always consider who will be able to view it and if in doubt, always discuss it with the Children's Officer within your organisation.

14.10 Photography & Filming

14.10.1 There are inherent risks in posting personal information about Children or Vulnerable Persons as it can lead to being able to identify them and their location, or it is possible that images may be subject to inappropriate use. When posting photographs or videos the following points should be considered:

- a) At the start of each season it is essential that written consent is received from every Child's parent / guardian before any photography or filming takes place. This should be obtained using an appropriate consent form.
- b) Children's names or additional detailed information about them must not accompany any image or video. Before up-loading any images or videos of Children, written consent must be received from each parent / guardian.
- c) Any person filming or taking photographs for the relevant organisation must be Garda vetted and have completed a relevant FAI approved Safeguarding 1 basic awareness training course.
- d) If a Child within your organisation is under a court order or is in the care of the Child & Family Agency (Tusla) / HSE, their image must not be placed in the public domain without the consent of the responsible adult or social worker as relevant.
- e) Ensure that Children are appropriately dressed and only allow images to be taken on the field of play. Photographing / filming must not take place in areas of personal privacy such as changing rooms, showers, toilets and bedrooms.
- f) Camera phones should never be allowed into Children's changing rooms, showers or toilets.
- g) If an individual who is engaged in filming / photography presents a serious concern or an immediate danger, please report the issue to your local Garda station or Tusla.
- h) Everyone wishing to film or take photos in football has a responsibility to familiarise themselves with and adhere to the following guidance. If parents / guardians, professional photographers or other spectators are intending to photograph or video at an event they should also be made aware of this section of the policy.
- i) Advise parents/carers and spectators that there can be negative consequences to sharing photos or film footage linked to information about their own or other people's children on social media (Facebook, Twitter) – and that care should be taken about 'tagging'; they should also be aware of general data protection regulations considerations.

j) It is not an offence to take appropriate photographs or film footage in a public place even if asked not to do so; No-one has the right to decide who can and cannot take photos or film on public land; However if you have serious concerns about a possible child protection issue relating to the taking of photos or film footage then call the An Garda Síochána. This action should only be taken where you believe that someone may be acting unlawfully or putting a child at risk;

k) The land or facility owner can decide whether or not photography and or filming at football activities will be permitted when carried out on private land. However, you need to make this known before allowing individuals access to the private property. If they do not comply then you may request that they leave;

14.10.2 Specific details concerning this section in relation to photography and filming should, wherever possible, be published prominently and must be announced over the public-address system, prior to the start of an event.

14.10.3 Organisations must never allow unsupervised access to Children, one to one photo sessions or photo sessions outside the event or at a Child's home.

14.11 Parents/ Guardians Role in the children use of social media

Parents/Guardians have an important role and key responsibilities in ensuring child safety around internet and technology.

We now live in an era where children are exposed to technology and digital media from a very early age. Many young children are very adept and skilled in using technology. However, sometimes technology can be used in very damaging ways. There are apps, games and websites currently in vogue which may pose potential danger to your child. Advice and support links have been provided within the tool kit in the appendix which parents/guardians may find helpful.

14.11.1 There is a strong onus and responsibility on all parents/guardians to be vigilant regarding technology and internet usage. It is the responsibility of all parents/guardians to:

- a) Constantly monitor their child (ren)s use of technology and social media. This means checking phones, social media website, apps and games and continuously supervising usage. Parents/Guardians should know who their child(ren) is/are communicating with and should be fully aware of what is being shared/sent/posted on social media sites. If you discover that your child is having technology/social media problems, take responsible action (s) to resolve the issue.
- b) Ensure that children do not have access to phones and other equipment in their bedrooms. All equipment should be kept in a secure place at night.
- c) Ensure that images/recordings captured at events by parents/guardians (if allowed at the event) are used and shared in an appropriate manner. Parents/guardians should seek consent of other parents/guardians before posting images/recordings of children other than their own on social media platforms.
- d) Ensure that children comply with age requirements for certain social media sites and apps.

14.12 Protecting yourself online

14.12.1 Individuals, both adults and children should take steps to protect themselves when using social media platforms.

14.12.2 In order to limit the amount of abusive behaviour and protect individuals, various platforms have implemented functionalities and measures to actively monitor and limit the appearance of potentially harmful comments.

14.12.3 There are also security settings on various platforms available to protect you. Please refer to the social media tool kit in the appendices for more information.

14.13 When to raise concerns

14.13.1 Concerns can be raised directly to the relevant services children's officer in line with the concern-complaint section of the policy if related to that service.

14.13.2 Alternatively, there are external agencies where concerns can be raised, these are detailed within the social media tool kit within the appendices.

14.14 Legal considerations

There is essential legislation in place which you should be mindful of when using social media, to ensure you do not break the law. However, there is also legislation there to protect you.

14.14.1 Illegal online content:

- online child sexual abuse material
- activities relating to online child sexual exploitation
- intimate image abuse (intimate images and videos shared online without the person's consent)

14.14.2 Legislation to be aware of:

- CRIMINAL LAW (SEXUAL OFFENCES) ACT 2017
- Hate speech; Criminal Justice (Incitement to Violence or hatred and Hate Offences) Bill 2022 (Bill105 of 2022)
- The General Data Protection Regulation (GDPR)

15.1.2 If an adult becomes concerned about either of these, they should try to discuss directly with the child's parent/guardian in the first instance.

15.1.3 If this is not possible, or the concerns remain, then the adult should report to TULSA as a child welfare concern. Please refer to section 5 on reporting.

15.1.4 There are also links to other agencies which may be able to provide more assistance on this area outlined within the appendices of the policy.

- » Assess for risk of suicide or bodily harm.
- » Listen in a nonjudgemental way.

Carrying out a Risk Assessment

As part of the Risk Assessment process, the Club/League should reflect on what specific risks arise as a result of the service you provide and how these risks can be managed. The following steps are a guide to help the Club/League consider where the potential for risk lies and how these risks can be managed.

Step 1 - Identify potential risks

Think about who or what might cause Harm to Children using your service. Make sure all persons in the service, including Children, are involved in this process. Different people will have different perceptions of what is a risk.

Step 2 - Rank each risk

Rank each risk in terms of low, medium and high risks. To help rank each risk, consider the likelihood of the risk occurring and how serious the consequences could be.

Step 3 - Control and manage the risk

Who owns the risk? Assign risk owners. What current controls are in place to reduce the risk? What future actions must be done to reduce the risk? What else do you need to do about the risk?

Step 4 - Monitor and review

Are the controls effective? Are the actions effective?

A sample template of the Risk Assessment format can be found in Appendix 3 and the full sample template can be found at <https://www.fai.ie/domestic/safeguarding/documents>. The list of risks in the sample template is not exhaustive and it must be tailored to the specific Organisation as appropriate.

Section 11 (1) of the Children First Act 2015 states that where a person proposes to operate as a provider of a relevant service, he or she shall, within 3 months from the date on which he or she commences as such a provider —

- (a) Undertake an assessment of any potential for harm to a child while availing of the service (in this section referred to as a “risk”).

Appendix 7 of Child Welfare & Safeguarding policy

Thresholds and Criteria of Abuse for Mandated Persons

Mandated persons have two main legal obligations under the Children First Act 2015. These are:

1. To report the harm of children above a defined threshold to Tusla;
2. To assist Tusla, if requested, in assessing a concern which has been the subject of a mandated report.

As a mandated person, under the legislation you are required to report any knowledge, belief or reasonable suspicion that a child has been harmed, is being harmed, or is at risk of being harmed. The Act defines harm as assault, ill-treatment, neglect or sexual abuse, and covers single and multiple instances.

If you are in doubt about whether your concern reaches the legal definition of harm for making a mandated report, Tusla can provide advice in this regard. You can find details of who to contact to discuss your concern on the Tusla website (www.tusla.ie). If your concern does not reach the threshold for mandated reporting, but you feel it is a reasonable concern about the welfare or protection of a child, you should report it to Tusla under the guidance given within the Policy.

NEGLECT

Neglect is defined as 'to deprive a child of adequate food, warmth, clothing, hygiene, supervision, safety or medical care'. The threshold of harm, at which you must report to Tusla under the Children First Act 2015, is reached when you know, believe or have reasonable grounds to suspect that a child's needs have been neglected, are being neglected, or are at risk of being neglected to the point where **the child's health, development or welfare have been or are being seriously affected, or are likely to be seriously affected.**

EMOTIONAL ABUSE/ILL-TREATMENT

Ill-treatment is defined as 'to abandon or cruelly treat the child, or to cause or procure or allow the child to be abandoned or cruelly treated'. Emotional abuse is covered in the definition of ill-treatment used in the Children First Act 2015.

The threshold of harm, at which you must report to Tusla under the Children First Act 2015, is reached when you know, believe or have reasonable grounds to suspect that a child has been, is being, or is at risk of being ill-treated to the point where **the child's health, development or welfare have been or are being seriously affected, or are likely to be seriously affected.**

PHYSICAL ABUSE

Physical abuse is covered in the references to assault in the Children First Act 2015. The threshold of harm, at which you must report to Tusla under the Children First Act 2015, is reached when you know, believe or have reasonable grounds to suspect that a child has been, is being, or is at risk of being assaulted and that as a result **the child's health, development or welfare have been or are being seriously affected, or are likely to be seriously affected.**

SEXUAL ABUSE

If, as a mandated person, you know, believe or have reasonable grounds to suspect that a child has been, is being, or is at risk of being sexually abused, then you must report this to Tusla under the Children First Act 2015. Sexual abuse to be reported under the Children First Act 2015 [as amended by section 55 of the

Criminal Law (Sexual Offences) Act 2017] is defined as an offence against the child, as listed in Schedule 3 of the Children First Act 2015.

A full list of relevant offences against the child which are considered sexual abuse is set out in Appendix 3 of Children First National Guidance for the Protection and Welfare of Children 2017.

As all sexual abuse falls within the category of seriously affecting a child's health, welfare or development, you must submit all concerns about sexual abuse as a mandated report to Tusla. There is one exception, which deals with certain consensual sexual activity between teenagers, which is outlined below;

Exemptions from requirements to report

UNDERAGE CONSENSUAL SEXUAL ACTIVITY

Under the Criminal Law (Sexual Offences) Act 2006 the legal age of consent is 17 years. While a sexual relationship where one or both parties is under 17 years of age is illegal, when making a mandated report to Tusla, it might not be regarded as child sexual abuse.

There are certain exemptions from reporting underage consensual sexual activity under section 14(3) of the Children First Act 2015. If you are satisfied that all of the following criteria are met, you are not required to make a report to Tusla:

- » The young person(s) concerned are between 15 and 17 years old
- » The age difference between them is not more than 24 months
- » There is no material difference in their maturity or capacity to consent
- » The relationship between the people engaged in the sexual activity does not involve intimidation or exploitation of either person

The young persons concerned state clearly that they do not want any information about the activity to be disclosed to Tusla. In effect, this means that if all of the above criteria are met, you as a mandated person do not have to report consensual sexual activity between older teenagers as sexual abuse to Tusla.

Joint reporting

As a mandated person you can make a report jointly with another person, whether that person is also a mandated person or not.

There is nothing in the Act to prevent you from either making a mandated report jointly with a designated liaison person or providing a copy of the mandated report you have submitted to Tusla for the information of the designated liaison person.

As a mandated person, you should be aware that the legal obligations under the Children First Act 2015 to report mandated concerns rest with you and not with the designated liaison person.

Where mandated persons share the same concern or information, only one person is required to report, or they can report jointly.

What if my concern does not meet the threshold for a mandated report?

If your concern does not reach the threshold for mandated reporting, but you feel it is a reasonable concern about the welfare or protection of a child, you should report it to Tusla under Children First: National Guidance for the Protection and Welfare of Children.

Reporting forms can be found in Appendix 8 or link to the Tusla online portal within appendix 1

Dealing with a retrospective allegation

Some adults may disclose abuse that took place during their childhood. Such disclosures may come to light when an adult attends counselling, or is being treated for a psychiatric or health problem. If you are, for example, a counsellor or health professional, and you receive a disclosure from a client that they were abused as a child, you should report this information to Tusla, as the alleged abuser may pose a current risk to children.

The reporting requirements under the Children First Act 2015 apply only to information that you, as a mandated person, received or became aware of since the Act came into force, whether the harm occurred before or after that point. However, if you have a reasonable concern about past abuse, where information came to your attention before the Act and there is a possible continuing risk to children, you should report it to Tusla under Children First: National Guidance for the Protection and Welfare of Children.

A link to forms for Retrospective abuse report can be found within appendix 1.

Further details on Mandated persons roles and responsibilities and reporting can be found within the Children First National Guidance for the Protection and Welfare of Children 2017.

Appendix A: PROFESSIONAL BEHAVIOUR: Relationships

Under Section 3 of the Criminal Law (Sex Offences) Act 2006 as amended by Section 5 of the Criminal Law (Sexual Offences) (Amendment) Act 2007 it is a criminal offence to engage or attempt to engage in a sexual act with a child under 17 years of age. It is not a defence to show that the child consented to the sexual act. However, the Criminal Law (Sexual Offences) Act 2017 recognises the reality of underage, consensual, peer relationships through the introduction of a 'proximity of age' defence. Under this provision, a person charged with an offence of engaging in a sexual act with a person between the ages of 15 and 17 years can use consent as a defence if the person charged is younger or is less than two years older. **They must not be in authority over the child or be intimidatory or exploitative.**

It is an offence for a person in authority to engage or attempt to engage in a sexual act with a child under 18 years of age.

SECTION 1

GUIDANCE FOR SOCIAL MEDIA USE AND COMMUNICATION WITH THE PUBLIC

This document sets out the guidelines and advice for the use of social media and communications to the public.

The aim is to encourage and maintain professional standards to enable Teams and its players to maintain a healthy professional reputation, both individually and collectively. It also ensures the players protect themselves.

1. You should think of everything you put on social media as being like broadcasting on kids' TV – Once you've posted something online, it can always be tracked back to you. Even if you delete it.
2. Establish your own personal guidelines for using social media so you can stay focused on your performance. It may be that you don't use your accounts after a certain hour during the evening or turn them off completely on the morning of a game until after you have played.
3. Treat everyone you communicate with online with respect.
4. Fans of other teams or other players may try to provoke you via social media. Do not react to this. Engaging in a public argument is an unnecessary and unhelpful activity. You'll also likely boost the other person's follower count as well as keeping the story going. Serious abuse should be reported to the FAI Communications Department or the FAI Child Welfare and Safeguarding Manager, full information can be found in Section 3.
5. Do not use abusive, indecent or insulting words yourself. This includes any inappropriate reference to ethnic origin, colour, 'race', nationality, faith or religion, gender, sexual orientation or disability. By sharing or retweeting anything of this nature, you then become responsible for its content, and could even be considered a criminal offence and breach of regulations (more details on this within section 5).

- 6.** Avoid replying to or retweeting users with vulgar names or with inappropriate profile images.
- 7.** Avoid posting anything you would be uncomfortable seeing in a national newspaper.
- 8.** Do not post pictures of drinking alcohol, smoking, nudity or while driving.
- 9.** Proof read your messages before sending.
- 10.** Other people may not be who they appear. Keep your accounts safe, do not share your passwords with others, and always use a secure password which includes numbers and symbols (such as £@!\$) Use two-factor authentication to minimise the risk of someone else logging into your accounts: when this is enabled your accounts can only be accessed by people you trust. All the major platforms have user-friendly guides for setting up two-factor authentication.
- 11.** Do not broadcast your phone number.
- 12.** Turn off the “enable location data” option on all your social media apps.
- 13.** Take advantage of the safety tools included on platforms like Instagram. From comment blocking tools to switching comments off all together, these tools exist to help you have the best experience possible on your social media. More information on setting can be found later on in this section.
- 14.** Most social media networks regularly change their privacy settings but it is important to realise it only takes one like or comment for something to go viral. While you might think people who aren't your friends can't see any of your images or what posts you have liked, that is not necessarily the case.
- 15.** Be respectful, you should avoid making any comments or statements, whether in writing or verbally, which might be deemed to be:
 - a. derogatory or offensive to members of the public or certain groups; or
 - b. disparaging or critical of your team-mates or the Team's staff/sponsors.This includes all interactions with the media but also when you are streaming or posting on social media.
- 16.** You should also avoid making disrespectful comments about your opponents or any other teams, coaches, players, tournaments, leagues, games, game publishers or any regulatory or governing bodies within football.
- 17.** If you're worried or are feeling uncomfortable, tell your parents/guardians, a trusted staff member or volunteer, the children's officer;
 - a. about any communications that make you feel uncomfortable or that ask you not to tell others.
 - b. if you are unhappy about anything sent to you or said about you over the internet, social networking sites, text messages or via email;
- 18.** If you receive an image or message you find offensive, threatening or upsetting. Make sure you copy and save the image/message elsewhere – or print it off before you remove and destroy it. It may be needed as evidence;
- 19.** It's important to be aware that a message between two people is private, but if one person shares it, it is considered public. If the original message was offensive, etc. then the person who shared is liable to same action as originator as they are classed as having posted it.

Consider 3 key questions before posting anything online:

1. Would you say this in front of your family members?
2. Would you say this in front of the youngest child at your club?
3. Would you say this to a journalist at a press conference or in front of your coach or manager?

If the answer is no to any of the above, then do not post it on social media!

SECTION 2**PROTECT YOURSELF**

You can take action to protect yourself online, below provides information as to how you can do this.

In order to limit the amount of abusive behaviour and protect individuals, various platforms have implemented functionalities and measures to actively monitor and limit the appearance of potentially harmful comments.

Facebook, Instagram and TikTok offer extensive options for setting up a blocklist of terms in any language, automatically blocking comments (on Instagram also private messages) containing these keywords on these profiles. Please note, all tools that are described below can only be managed with individual access to the profiles that are concerned.

You can also turn off comment sections on your post.

Below are links to pages where you can gain step by step guidance on how to enable many of these functionalities.

Guidance for Event Leader/Designated Person for Child Protection

We in the are committed to ensuring that all necessary steps are taken to protect and safeguard the welfare of children and young people who participate in football. It is the policy of the safeguard the welfare of our under age players by protecting them from physical emotional or sexual harm and from neglect or bullying.

At all times we are committed to providing the highest possible standards of care in a safe environment.

In this respect children are entitled to:

- » be safe
- » be treated with dignity, sensitivity and respect
- » experience competition and the desire to win as a positive and healthy outcome of striving for best performance
- » be happy, have fun and enjoy football
- » comment and make suggestions in an appropriate and constructive manner
- » be listened to
- » be believed

Most importantly, they are entitled to express concerns and make complaints in appropriate way and have these dealt with through an effective complaints procedure. In this respect children should be actively encouraged to report problems or concerns regardless of how minor or serious the problem might be.

Confidentiality and recording procedures.

Confidentiality is about managing information in a respectful, professional and purposeful manner. Confidentiality should be maintained in respect of all issues and people involved in concerns about the welfare of a child or bad practice within the Association. It is important that the rights of both the child and the person about whom the complaint has been made are protected.

The following points should be borne in mind:

- » A guarantee of total confidentiality or undertakings regarding secrecy cannot be given, as the welfare of the child will supersede all other considerations
- » All information should be treated in a careful and sensitive manner should only be discussed on a need to know basis
- » Information should be conveyed to the parents/guardians of the child about whom there are concerns in a sensitive manner
- » Any reports meeting the threshold of a reasonable grounds of concern should be reported to TUSLA in line with section 5 of the Child Welfare and Safeguarding policy.

When requesting the staff member to stand aside the Head of Delegation/Event Administrator will privately inform the staff member:

- » The fact that an allegation has been made;
- » The nature of the allegation;
- » The staff member shall be afforded an opportunity to respond;
- » The response should be noted, recorded and passed on.

The staff member concerned should be aware that the procedures being undertaken are in accordance with statutory requirements. He or she should be treated with respect and fairness, and also be assured that all information will be dealt with in a sensitive and confidential manner.

The Head of Delegation shall keep a detailed record of all discussions regarding alleged or suspected abuse in line with the FAI Child Welfare and Safeguarding policy.

All documents will then be referred to the safeguarding roles within the organisation or the FAI Mandated person, who will in consultation with TUSLA personnel decide if a formal complaint is to be made to the statutory authorities, in line with the FAI Child Welfare and Safeguarding policy.

Should it be decided that a formal report is to be made, the Head of Delegation/Event Administrator will inform the staff member of this decision. Any further action will be taken in consultation with the statutory authorities only after the matter has been fully investigated by the statutory authority.

Should it be decided that the complaint does not meet threshold for making a formal report to the statutory authorities (child abuse) the staff member will be informed and the matter may then be referred to the Leagues internal disciplinary committee (poor practice) in line with agreed procedures.

- » Giving information to others on a “need to know” basis for the protection of a child is not a breach of confidentiality.

Response to a child reporting any form of abuse

The following points should be taken into consideration:

- » It is important to deal with any allegation of abuse or poor practice in a sensitive and competent way through listening to and facilitating the child to tell about the problem, rather than interviewing them about details of what happened;
- » The child should not be questioned unless the nature of what they are saying is unclear. Leading questions should be avoided. Open, non-specific questions can be used such as “Can you explain to me what you mean by that”;
- » It is important to stay calm and not to show extreme reaction to what the child is saying. Listen with compassion and take what is being said seriously;
- » The child must understand that it is not possible that any information will be kept secret;
- » No judgemental statement should be made against the person about whom the complaint or allegation refers to;
- » It is important to remember that in extreme cases the child may have decided to tell about something very important and may be taking a huge risk in doing so. Therefore the experience of telling should be a positive one.
- » The child should be given some indication of what is to happen next. In serious cases the child should be informed that you are referring the matter to the League safeguarding roles/the FAI child welfare & safeguarding department for advice/ or to inform Tusla.

The safety of the child is of paramount consideration so you are obliged to take any steps, which may be immediately necessary to protect the child.

Should a child make an allegation of abuse by a member of staff, immediate advice should be sought from League safeguarding roles/the FAI child welfare & safeguarding department for advice/ or to inform Tusla. Any measures taken should be proportionate to the level of risk and should not unreasonably penalise the staff member financially or otherwise, unless necessary to protect children.

If the allegation is of a serious nature the staff member will be asked to stand aside and the matter will be dealt with in accordance with agreed complaints procedures. Where protective measures, such as suspension, do penalise the staff member, it is important that early and prompt consideration be given to the case.

Guidance for Remote Supervision

During the time that remote supervision takes place, the Head of Delegation must ensure that players are aware of the ground rules and are adequately equipped to be without direct adult supervision within a peer group. There should be clear time limits, which are not too long. The size of the group should also be considered. As a minimum, players should have the following:

- » Telephone numbers and emergency contacts if lost
- » Money
- » Maps and plans, any other information for them to act effectively
- » Location of local phones and the appropriate coins
- » A knowledge of how to summon help
- » A knowledge of out of bounds areas or activities
- » Identity cards and a rendezvous point

It is important that young players are told not to go off on their own, are given clear instructions about permitted remote supervised activities and understand and accept the ground rules.

Remember players should only be allowed to use a swimming pool, swim and paddle in the sea or other natural waters as formal and supervised activities with appropriate qualified lifeguard cover.

Under exceptional circumstances, you may have to change your plans at short notice. Carefully consider any potential risks when planning any alternatives.

Guidance for water-based activities

Swimming in the sea or other natural waters

Swimming and paddling in the sea or other natural waters are potentially dangerous activities for a group. They should only be allowed as formal and supervised activities, preferably in recognised bathing areas, which have official surveillance i.e., qualified lifeguard cover. Nevertheless, young players should always be in sight of their supervisors. One supervisor should always stay out of the water for better surveillance.

A member of staff should hold a relevant lifesaving award especially where lifeguard cover may not be available.

The Event Leader should:

- » Be aware that many children who drown are strong swimmers.
- » Ascertain for themselves the level of the young person's swimming ability. ,
- » Be aware of local conditions, such as currents, weeds, a shelving, uneven or unstable bottom, using local information from the lifeguard, coastguard, harbourmaster, police or tourist information office.
- » Designate a safe area of water for use by the group.
- » Be aware of the dangerous effects of sudden immersion in cold water.
- » Ensure that the young players have not eaten (at least half an hour before swimming).
- » Ensure the activity is suitable for young players (especially for those with any disabilities).
- » Adopt and explain signals of distress and recall.

Swimming pools

Heads of Delegation should consider a minimum ratio of 1 adult to 10 players for swimming pools. If using a pool that has not been used before it is advisable to check the following:

- » Is there constant pool supervision and a sufficient number of lifeguards?
- » Where there is no lifeguard, the Head of Delegation/delegated staff member should stay at the poolside at a raised location. In such circumstances, the Head of Delegation or designated member of staff should have a relevant lifesaving award and be accompanied by an appropriate number of supervisors.
- » Is the water temperature appropriate?
- » Is the water clear?
- » Are there signs clearly indicating the depth and is there a shallow end?
- » Does the deep end allow for safe diving?
- » Is there a poolside telephone?
- » Are there resuscitator and other pieces of first aid and rescue equipment, and is there someone trained to use them?
- » Have the young players been instructed how to behave in and around the water?

Specific parental consent should be obtained for water-based activities. Parental consent does not mean that the Head of Delegation or designated staff should not check for themselves the level of a players swimming ability.

Health & Safety of Young People Code of Practice

Every potential and existingaplayer should be able to participate in an enjoyable and safe environment and be protected from any form of abuse. The insert league name here recognises and accepts its responsibility to safeguard the welfare of all young people and children by protecting them from physical, emotional or sexual harm and from bullying and neglect. It is determined to meet these obligations to ensure that all those in the
..... who provide opportunities for children and young people do so, to the highest possible standard of care.

This code of practice has been produced as clear guidance to ensure the health and safety of children and young people at any Team events. Events include development and selection courses, and all Tournaments. This includes those events where all players are under the age of eighteen and also senior events where young players are included.

Introduction

The health and safety of all children and young players under 18 and involved in any activity run by the
..... is of paramount importance.

Responsibilities-Away Trips

The will appoint a Head of Delegation who is responsible for the safety of young players at all times and for every aspect of the Event. The Head of Delegation must:

- » Have experience in supervising players of all of the age groups participating in the Event
- » Ensure that all staff have complied with the
staff screening requirements
- » Be capable of organising the Event, staff and players effectively
- » Ensure that all coaches are qualified for the work allotted to them
- » Complete a risk assessment form for each Event
- » Appoint a Designated Person for Child Protection who is responsible for all child protection issues and the general wellbeing of players under 18. Reference should be made to the FAI Child Welfare & Child Safeguarding policy.
- » Complete and submit the Event Report Form.

Appointed staff are responsible to the Head of Delegation and must:

- » Have appropriate knowledge of the/FAI
Child Welfare and Child Safeguarding policy
(Insert league name here)
- » Be aware of their specific responsibilities at all times throughout the Event
- » Have completed and returned Staff Personal and Medical Consent Forms
- » Have complied with all insert league name here vetting and screening procedures

Risk Assessment

The Head of Delegation must carry out a risk assessment for the Event. He/she must consider potential hazards and what safety measures should be taken to avoid them and produce a contingency plan. He/she should consider what will be done in the event of a serious accident, injury or emergency.

No amount of planning can guarantee a safe and incident free trip but good planning and attention to safety measures can reduce the likelihood of serious incidents. Check travel, venue, staffing, weather and catering arrangements for possible dangers and put in place safety and emergency procedures.

If players are allowed to swim or be involved in any water activity while on the Event, including the use of pools for rehabilitation work, the Head of Delegation must establish the swimming competence of each player. The Head of Delegation must arrange appropriate lifeguard supervision.

If the Event is to involve experience of adventure or other high-risk activity and a specialist provider is engaged, the Head of Delegation must obtain written confirmation from the provider that a current licence issued by the appropriate Licensing Authority is held for the activity in question. The Head of Delegation must check that the insurance covers these activities both at home and abroad.

Advance Visit

Unless previously visited by or otherwise known to the Head of Delegation or appointed staff, the Head of Delegation or appointed staff should visit the Event venue(s) in advance. The Head of Delegation should check arrangements for travel accommodation (including food and drink), playing, training and medical facilities communications, laundry and opportunities for recreation.

The Event Plans

The Head of Delegation/Event Administrators plans must include consideration of the:

- » Age of the players
- » Nature of Events, particularly if non-football activities are involved
- » Ration of staff to players - best practice is to ensure two coaches are on site for each team. Adequate Child ratios should always be maintained (this can depend on the ages of the Children, the nature of the activity involved or any special needs of the group) Sport Ireland provide a general guidance of 1:8 for under 12 years of ages and 1:10 for over 12 years of age. Ensure at least one adult of each gender with mixed parties and that there is adequate supervision at all times.
- » Qualifications and experience of Staff
- » Description and rota of Staff duties, including designation of Staff to carry and use first aid equipment
- » Medical, educational and/or other special needs of individual players
- » Travel arrangements

- » Contingency measures for exceptional circumstances
- » Insurance
- » Communication arrangements
- » Emergency procedures
- » Designation and briefing of the Designated Person for Child Protection if other than the Head of Delegation
- » Other people who may visit the Event
- » Any other person invited to attend the Event

Medical Support and Equipment

One member of Staff must be qualified in first aid, and should be responsible for the appropriate first aid equipment and for it being available to them at the Event and for treating young players at the Event.

All Staff must know how to contact the emergency services and a working mobile phone must be carried with the group at all times.

Parents/Guardians should be informed as soon as possible if their child suffers a significant injury or accident.

Injuries should be recorded, with a note of action taken in relation to each one. It is recommended that an accident/incident book be maintained with a specific incident form to be completed by staff/leaders.

Supervision Arrangements

The staff to children ratio will depend on

- » The risk assessment
- » The age of the players: Adequate Child ratios should always be maintained (this can depend on the ages of the Children, the nature of the activity involved or any special needs of the group) Sport Ireland provide a general guidance of 1:8 for under 12 years of ages and 1:10 for over 12 years of age. Ensure at least one adult of each gender with mixed parties and that there is adequate supervision at all times.
- » Any special needs, you may need extra staff if there are children with special needs or disabilities.
- » If you are taking any player who has been a management problem in the past who may need close supervision

The **minimum number** of Staff, (with the exception of remote supervision) at any time during the Event, Sport Ireland provide a general guidance of 1:8 for under 12 years of ages and 1:10 for over 12 years of age. Ensure at least one adult of each gender with mixed parties and that there is adequate supervision at all times.

The Head of Delegation must communicate with Staff to inform them of their exact supervisory responsibilities and ensure that these responsibilities are clearly understood by the members of Staff.

The Head of Delegation must ensure that there is a Designated person for Child Protection. All players must be made aware as to whom is to carry out this role at the beginning of the Event.

All Staff must have access to a list of the names of players at the Event and access to the Emergency Procedures.

Members of Staff are advised not to be left alone with a child or young person. (See FAI Child Welfare & Child Safeguarding policy). Medical Staff will adhere to Good Practice Guidelines when treating children or young people.

The Head of Delegation and appropriate staff should liaise in relation to young people who might need closer supervision and/or support.

Roll calls should take place frequently and must be made before the group leaves a venue. Players must be given rendezvous points and told what to do if they become separated from the group. Players should be provided with the address and telephone number of their accommodation, which they will be advised to carry with them.

During Players free time, Staff will continue to supervise players. This should be explained to the Players including remote supervision.

Where groups are of mixed gender, there must be a minimum of one male and one female member of staff.

Players at an Event must be easily identifiable and should wear designated kit, unless the Event Leader is advised otherwise. Players should not wear name badges unless these are specifically required by a Tournament or Festival Organiser.

All Players are advised to carry the phone number of the Group Mobile Phone.

During the time away, make sure you consider the following:

- » The need for daily briefings to discuss the day's events, problems and future planning. Provide an opportunity for players to speak alone with staff if necessary. Although private, remember this should always be in view, not behind closed doors.
- » The need for daily staff meetings to review, plan and troubleshoot. It is important to deal with problems (e.g. any conflict within the group, poor behaviour) as early as possible.

After the trip, you should hold a staff debrief session to discuss what went well, what did not go so well, what you have learnt and to make recommendations for further trips.

Travel

Where cars, minibuses and coaches are fitted with seat belts, Players are required to use them.

Staff members should not travel alone with a young person unless it is unavoidable. If travelling by car the Player should sit in the rear seat.

A driver of a vehicle who is not a member of Staff carrying a young person should not be given responsibility for their supervision

In the case of vehicles hired with a driver, the hire contract must be with an approved
{Insert league name here}
 company unless in exceptional circumstances. In the event that a vehicle has to be hired from a company that is not on the
{Insert league name here}
 approved list, the hire contract must be in writing with a reputable operator. The
{Insert league name here}
 requires that the appropriate insurance applies and that the driver is competent to drive the particular vehicle and holds the correct driving licence.

Adults who drive young players in their own car must ensure that their passenger's safety is not at risk by ensuring that the vehicle is roadworthy, and that they hold the appropriate licence and insurance cover for carrying young players.

Insurance for the Event

The League shall ensure that it has adequate insurance cover for all Staff and Players. Parents/Guardians should be made aware of the need for comprehensive insurance to cover their child, e.g. health/medical insurance etc.

If the Event is to include any potentially hazardous activities, once having taken into account the risk assessment guidelines, (e.g. other sports or adventure experiences) particular care should be taken to ensure that Players and Staff are covered appropriately.

Additional insurance may be necessary for Staff or Players with known medical conditions. The Head of Delegation/Event Administrator should check this out, long before departure date.

Accommodation

At all times the Head of Delegation must be satisfied that buildings meet health and safety required standards.

Young player's accommodation must be close to rooms occupied by Staff. Consideration should be given when groups comprise both male and females by allocating the same gender, rooms within the same area. Where possible similar age groups should be kept together. On arrival, players should be shown the accommodation plan and be made aware of Staff rooms and fire exits. A fire drill should be carried out as soon as possible.

At no time can a member of Staff share a room with any young person.

Staff must not use changing, shower or cloakroom facilities at the same time as young players, except in the most exceptional circumstances.

Where groups are of mixed gender, there must be separate male and female sleeping and bathroom facilities for both young people and adults.

Communication with Parents/Carers

The Event Administrator is responsible for ensuring that Parents and young players complete and return all consent forms.

Parents should be informed that when a young player is still attending school is selected, permission should be sought from the Principal to release the young player from school during term time.

Prior to any Event, parents will be informed if a player is selected. The Event Leader Administrator must give to parents/carers written details of the Event including:

Appendix 14 of Child Welfare & Safeguarding policy

Support Guidance for Children with Additional Needs and Vulnerable Persons

The Football Association of Ireland (FAI) is committed to safely involving all children, young people and adults in football who want to play – this includes children who have additional needs and Vulnerable Persons. This is in line with Article 30 of the UN convention.

These support guidance notes will help Coaches, Clubs and Leagues support these players in football. It will enable them to be safely involved, however it is important these guidance notes are read alongside the other FAI policies and procedures including but not limited to; The Child Welfare and child Safeguarding Policy.

If you have players who have additional needs or are defined as a vulnerable person at your club, the club may need to make reasonable adjustments to help them play or volunteer. This may be possible with a little extra support, preparation and understanding.

How will you know if a player needs extra support and preparation?

It is not always easy to know if a child or vulnerable person has additional needs, sometimes it can be 'invisible', for example Attention Deficit Hyper Active Disorder (ADHD), Autistic Spectrum Disorder (ASD), Developmental Coordination Disorder/Dyspraxia, colour blindness and epilepsy. Also, it can be 'visible', such as Down's syndrome or reduced mobility. Many parents/carers will be comfortable sharing information about their child with the club. However, in some cases, parents/carers and children might prefer that others do not know or feel unsure about talking about it. Some parents/carers are afraid the player may be excluded if they tell you and some parents/carers may not be fully aware of their child's, additional needs. It is important that the Club follows a process for including children with additional needs and vulnerable persons and a positive attitude as this will help parents/carers, children and vulnerable persons be open about any supports they may need.

Registration - Start as you mean to go on!

When the player registers with the Club it is best practice to complete a registration form. Parents, carers or the player should share enough relevant information with the Club to help you include and safeguard the player and should also update the Club if things change.

To maximise the potential for parents/carers to fill out all aspects of the registration form as accurately as possible, it is important that the Coach/Club representative talks through the form first and reassures them that the information shared will be used to maximise their player's potential and to ensure that the club has all the relevant information to be able to best put in place any supports that their player may need.

Do:

- » Get full registration details of player
- » Complete additional Football for All passport if needed (FAI Resource)
- » Arrange meeting with parents, carer and coach and/or parents, player and coach - understand their abilities and goals and never assume.
- » Develop training plan for player
- » Regular reviews with parents, carers and players (if appropriate) on players progress
- » Adjust plan following reviews if needed

It is never too late to ask for help or advice or a chat or to review how best to support the player. Clubs may also wish to speak with specific organisations such as the organisations listed on pages 5-6 of these guidance notes.

What do we need to know?

This will depend on the player but the registration form and Football For All passport will guide you through important information regarding communication, sensory needs such as vision and hearing, physical health and behaviour.

It might be helpful to ask how the player responds to:

- » Noise/large crowds
- » Different places
- » New people.
- » Sometimes children, young people and vulnerable persons find change difficult and away games may mean they need some extra support or additional information in advance.

It will be the parents/ carers or the player themselves who knows best how the player can be supported. Therefore, it is really important to build a relationship with the parents/ carers and the player and ask for information, help or advice from them. It will also be important to reassure the player and their parent/carer that the information is kept confidential and only shared with people who need to know.

It is best practice to have a session plan so everyone knows how to support and coach the player. Examples of what might be entailed are signs that s/he may be feeling tired or unwell or not coping with the demands of the training/game. This can be part of a “what if” plan and some examples of solutions as part of this plan might be:

- » Frequent roll on/roll off substitutions
- » Change of position
- » Time out
- » Extra recovery time between training activity
- » Other adjustments that bring out best in the player

Communication

Communication is key to making good players and teams. Children with additional needs or vulnerable persons may need extra help to understand what they need to do and the whole team may need tips on communicating with each other so they can play well. Sometimes the tips will be really simple

Examples of Good Practice:

- » If the player has an Autistic Spectrum Disorder
 - » use clear and simple language,
 - » speak directly to the player and
 - » use their name to get their attention before speaking.
 - » Try not to use ‘negatives’ such as ‘don’t pass the ball’ as the player may only understand ‘pass the ball’.
- » Where a player uses Makaton, lámh or Irish Sign Language you may need to involve a parent/carer or to seek help from a disability expert to learn how best to communicate.
- » If a player has ADHD they may need to be reminded of the task and have things repeated as they may be distracted by another sound or activity that’s going on.
- » If a player has a visual impairment or is deaf/hard of hearing explore with the player and their parent/ carers to find out how best to support them.
- » It is fine to ask the parents/carer to stay at training or games until you feel confident about including the player safely.

Physical Health

Not all players will have physical health needs but if they do it will be helpful to have this information in the coach/player/parent/carer action plan. This might need to be followed if the player is unwell or simply to check what impact exercise has on the player.

Examples of good practice are:

- » Do they need extra breaks?
- » Do they need extra fluids?
- » Are there certain activities they need to avoid?
- » Are time limits to be applied?
- » It is ok to ask the parents to stay at training or games until you feel confident about including the player safely.

Remember it will also be important to reassure the player and their parent/carer that the information is kept safe and only shared with people who need to know

Challenging Behaviour

From time to time members of staff and volunteers delivering football to children/vulnerable persons may be required to respond to a player's behaviour that they find challenging. These guidelines aim to promote good practice which can help support players to manage their own behaviour. Clubs may want to engage with their Club Children's Officer and/or coaching or disciplinary committee for support or guidance on specific incidents. Or seek support from their local league.

Staff, volunteers, players and parents / carers should be involved in developing an agreed statement of what constitutes acceptable and unacceptable behaviour, such as the players' code of conduct.

In dealing with players who display risk-taking or unacceptable behaviours, away from in a game situation, members of staff and volunteers might consider some the following strategies, however please note this list is not exhaustive:

- » Time out - from the activity, group or individual work- this is to be used as last resort and only if the player is risk to themselves or others or they want a break.
- » Making up - the act or process of making amends.
- » Behavioural reinforcement – rewards and praise for good behaviour, consequences for negative behaviour- e.g. missing an activity or trips (use consequences sparingly and only when their behaviour is a risk to themselves or others).
- » Calming the situation - talking through with the players.
- » Increased supervision by members of staff/ volunteers or parents/carers.
- » Use of individual 'contracts' or agreements for their future or continued participation.

It is important to remember to avoid the use of strategies such as ignoring the player or shouting at the player and the use of physical restraint/removal. Physical restraint/removal should only be used in serious circumstance where a player is a threat to themselves or others. Members of staff and volunteers should review the needs of any player for whom consequences are frequently imposed. This review should involve the player and parents/carers to ensure an agreed decision is made about the player's future or continued participation in the group or team. Whilst it would always be against the wishes of everyone involved in the FAI, ultimately, if a player continues to present a high level of risk or danger to him or herself, or others, he or she may not be able to continue participating. (See Flow Chart at the end of the document).

Does a Club need extra safeguards?

Children with additional needs and vulnerable persons are more vulnerable to poor practice and abuse (Please see the Child Welfare and Safeguarding policy for further information).

It is sometimes hard for them to acknowledge poor practice or abuse, this can lead to the issue not being reported. They can often be isolated, more likely to be bullied and sometimes their disability may be used as an excuse to explain injuries. The player may not recognise abuse, they may be used to receiving personal care (such as being dressed or bathed) and not realise when touch is inappropriate or they may find people do not listen or believe them when they try to disclose. Some players struggle to understand 'social interactions' and may not realise that someone is behaving in a way that is not appropriate. For these reasons, it is important that Clubs follow all the policies and procedures which help safeguards such as the Child Welfare and Safeguarding Policy, the Safe Recruitment Practises, and the Social Media Policy.

In Summary

- » Be positive – aim high
- » Celebrate success
- » Ask the player/or parent/ or carers if you are not sure about something
- » Have plans for players with known needs
- » Make sure you understand the players communication needs
- » Use clear and plain language
- » If the player signs (Irish Sign Language) find out who can stay and help who also signs or proactively learn some basic football relevant sign language or use of visual cues such as image or cue cards.
- » Think broadly about players and how you assist their development, for example a player who is colourblind or a player with autism may benefit from very simple adjustments to the colours of the cones or bibs.
- » Plan carefully for dressing and changing and transporting if the players need extra help
- » Have enough helpers- you may need more than usual if the players need extra support
- » Learn to recognise the signs that a player is becoming stressed or aggravated and have a "what if" plan ready such as roll on and roll off substitution and time out off the pitch to allow the player some time to unwind and prevent disciplinary incidents.
- » Within your Club house, publications, website and social media have positive images of children, young people and vulnerable persons – this helps build a welcoming feeling for players.
- » Have a very clear anti bullying position that does not allow banter or teasing about disability or any other differences.
- » Ensure all players sign the 'Player Code of Conduct'. You may need to take time explaining what this means and perhaps use pictures to help explain what is 'Acceptable' and 'Not Acceptable'.
- » Clearly identify who players can go to if they have any concerns, worries or are upset.
- » Remind everybody about 'touch'- some players may be very affectionate or perhaps frightened of touch so it's very important to know the player. Make sure any touch is safe and appropriate.
- » Follow the FAI's social media policy - some children with additional needs and vulnerable persons have less understanding of boundaries and relationships so it's very important to stick to the guidance.
- » Report concerns immediately, do not wait – you are only expressing concerns and remember – it is your responsibility to report. It might be nothing- but you might also help make the player and other children safer.

INTRODUCTION

The Code of best practice is taken from section 9 of the FAI Governance Handbook.

An essential aspect of the promotion, development and fostering of the game is the promotion and implementation of best practices and pursuits by all involved in the game at every level, permeating down through each of the affiliates, thereby ensuring that the rules of the game are upheld in spirit and in fact and that the manner in which those associated with the game do business, is a positive advertisement for the game in the wider community.
